GOVERNMENT TO ACT IN COAL STRIKE

FRANCO AIDING NAZIS, POLAND INFORMS U. N.

SPANISH REGIME SEEN AS PEACE MENACE

BY FRANCIS W. CARPENTER

New York, April 10 (AP)—Poland accused the Franco government of Spain before the United Nations security council today of endangering world peace, sheltering Nazis, and aiding German scientists in "devising new means of warfare." It asked the council to crack down on the regime with the full weight of the United Nations.

The Polish charges against Generalissimo Francisco Franco were announced by the United Nations secretary general as the council, in executive session, decided to meet again next Monday at 3 p. m. E. S. T.

Iran Case Pending

At that time the council will be confronted once more with the Russian-Iranian case. Russia is demanding that the whole affair be dropped from the council agenda. Iran is insisting it should be held pending until May 6 to see whether Red army troops completely evacuate Iran.

The consensus of U. N. observers tonight was that Russia would be voted down and the case would remain before the council.

Dr. Oscar Lange, Polish delegate, in his letter to the secretary general, Trygve Lie, dated April 9 and made public today, ticked off these charges against Franco and his regime:

1. The United Nations assembly in London condemned the "Fascist regime of Spain" as having been founded with Axis support.
2. The French government on February 26, 1946, was compelled to close the frontiers between France and Spain and the border still is closed.
3. On February 27, the Franco government ordered the concentration of troops at the border of France.
4. Franco has given haven to "the largest aggregation of Nazi assets and personnel."
5. Franco has given refuge to a large number of war criminals and Nazi leaders who continue to act from Spanish territory.
6. Franco "allows and promotes scientific research by German scientists engaged in devising new means of warfare."

A member of the Polish delegation said he could not elaborate at the present on what particular means of warfare were being devised.

Open Break Favored

The Polish embassy in London, which announced last Saturday that Poland would file the case against Spain, set the possible tone for Dr. Lange's demands when it said that Poland favored the United Nations breaking off relations with Spain.

The official United States position thus far, as laid down in state department notes on Spain, is that the situation is an internal one for the Spanish people to handle.

While the British profess no love for the Franco regime, they have sided with the Americans in a reluctance to have the United Nations interfere in the Spanish domestic problem—that is, unless any new evidence is brought up to show that Franco is endangering world peace.

On the Iranian case, there were indications from various delegations that the majority would line up beside the United States and Britain in retaining the case on

Subsidies Are Restored In Housing Bill

BY FRANCIS J. KELLY

Washington, April 10 (AP)—A veterans housing bill designed to speed the construction of 2,700,000 new dwellings by the end of next year passed the senate today and went back to the house for consideration of numerous amendments.

The senate provided for $600,000,000 in subsidies on scarce building materials—an item denied by the house—but neither body gave its approval for the establishment of price ceilings on lands. Housing Expediter Wilson Wyatt had laid great stress on the necessity for both those provisions.

Final approval came on a roll call vote of 63 to 14. Twelve Republicans and two Democrats voted against it.

While the veterans housing measure headed toward a conference with the house for adjustment of differences, the senate made a long-range housing measure its unfinished business and will get down to work on that tomorrow.

Wyatt's Salary $12,000

Although the administration lost, 33 to 41, in its attempt to apply price ceilings on existing houses, it triumphed 50 to 25 in beating down an amendment by Senator Buck (R-Del) which would have reduced the subsidy fund to $400,000,000.

By an even heavier majority—54 to 19—it crushed an effort by Senator Wherry (R-Neb) to give veterans direct subsidies of 5 per cent on the purchase of old or new homes, with no veteran to get more than $500.

Defeat of the provision for price ceilings on existing houses came as a surprise, since only a small amount of opposition to it had been heard since the bill cleared the banking committee. The housing expediter will have power to set ceilings on new houses under the senate bill but the administration apparently will have to give up its desire for authority to make the first resale price of existing houses and building lots the ceiling price during the emergency.

Wilson W. Wyatt has been serving in this role under a presidential order and is expected to be reappointed to the $12,000 job set up by the legislation.

CHILD BEATING PAIR IN COURT

Daughter, 4, Seriously Hurt, Soles Of Feet Are Burned

Grand Rapids, Mich., April 10. (AP)—Mrs. Evelyn Shay, 23, and her war veteran companion, Harvey M. Hubert, 31, were arraigned in police court today on charges growing out of an assault on her four-year-old daughter who is in serious condition in a local hospital.

Prosecutor Menso R. Bolt said the child was beaten and the soles of her feet burned.

Hubert, arraigned before Police Judge Edward G. Burleson, waived examination on a charge of aggravated assault and pleaded guilty to a charge of lewd and lascivious cohabitation. He was remanded to jail in default of $1,500 bond to await trial.

Mrs. Shay pleaded guilty to the same morals charge, while the court entered a plea of innocence for her on a second count alleging cruelty to children. She also was jailed when unable to post $1,500 bond and her trial date was set for April 17.

Detectives George Lynch and Clarence Stoppels said Hubert and Mrs. Shay admitted beating the child because Beverly Rose "didn't do as she was told."

The officers quoted Hubert as saying the child burned her feet when he made her leap from the top of a hot oil stove.

Hubert admitted lashing the little girl with a leather belt, the officers said, and Mrs. Shay was quoted as saying she slapped her several times when the child rebelled at washing her face and hands.

Police said Hubert's wife left him recently while Mrs. Shay's husband, Delos, is a patient at a sanatorium.

Cuisine Delectable And Food Good Too

Detroit, April 10 (AP)—The Detroit city council heard a report today that the Belle Isle Casino had a profit of $16,107 for 1945.

Surprised at the earnings, Councilman Charles G. Oakman commented.

"They must have a very delectable cuisine."

"They have good food, too," added Councilman William G. Rogell.

HELLSHIP MEMORIES—The battered hulk pictured above, at a Takao, Formosa, dock, holds bitter memories for scores of U. S. servicemen. It is what is left of the Jap "hellship" Enoura, used during the war as a prison ship. In December, 1944, the Enoura, carrying U. S. prisoners of war from Manila, had just reached Takao Bay when American bombers made direct hits, partially sinking the ship. A total of 483 Yanks were killed. These were buried in a single grave on the beach near Takao. The grave, marked by a crude cairn, is pictured at right. Inspecting it are, left to right, Sgt. Robert Adams, of Willsboro, N. Y.; Takaharu Suenaga, a Jap prisoner; and Harry C. Angst, of the Red Cross. These exclusive photos, made by Harlow M. Church, NEA - Acme correspondent, were the first taken by a U. S. photographer in Formosa since 1936, when the Japs closed the island.

Rationing Of Bread Not Likely In U.S.

BY OVID A. MARTIN

Washington, April 10 (AP)—Secretary of Agriculture Anderson said tonight the government does not contemplate rationing bread during the current wheat crisis, but he did not rule out the possibility of limiting distribution of flour to bakers and retailers.

Anderson held a news conference shortly after an agriculture department crop report indicated that supplies of wheat in this country may not be sufficient to meet export commitments and unrestricted domestic demands.

The secretary said it was essential for this country to follow through on wheat conservation measures to meet lagging exports to famine-stricken areas.

He would not say whether the government will issue an order designed to cut domestic consumption of flour 25 per cent until the new wheat crop is harvested.

He said yesterday he had instructed aides to draft such an order which would have the effect of rationing flour to bakers and retailers.

The news conference was held after he returned from the White House where he and Stabilization Director Chester Bowles discussed the wheat and flour situation with President Truman.

Asked about a London announcement that the British cabinet had offered to ration bread if this country would do the same, Anderson said it appeared strange to him that the offer had not also been made to Canada, Australia and Argentina—other major wheat exporting countries.

"Our most critical period in this country will be between now and the next harvest and it does not seem likely that we could put rationing into effect for a difficult commodity like bread in time to help in this critical period," he said.

Anderson said that the government, nevertheless, is prepared to take any steps necessary to restrict use of wheat in this country enough to meet government export goals. He added he was confident that this could be done without rationing.

Commenting on the department's crop report, Anderson said that the "wheat situation" is not so tight as some had feared.

BRITAIN'S LOAN GETS BLESSING

Credit Of $3,750,000,000 Set Up For England In Senate Bill

BY J. W. DAVIS

Washington, April 10 (AP)—The Senate banking committee gave the proposed British loan a 14 to 5 blessing today and Senator Barkley (D-Ky.) predicted "a substantial majority" of the Senate would approve it.

Prospects of sharp debate, however, appeared in the 11 to 7 margin by which the committee turned down one proposal. This was that none of the $3,750,000,000 loan be granted until Britain agrees to permanent U. S. ownership of wartime bases now held under a 99-year lease arrangement.

The bill would set up a $3,750,000,000 credit which would be interest-free until 1951 and then carry an annual rate of 2 per cent.

Proponents have argued that without the loan, Britain would be forced into continuing restrictive world trade practices harmful to the United States and the rest of the world. They said the loan is needed to help Great Britain back on her feet and to expand world trade generally.

Opponents have called the loan unwise charity, a bad precedent for possibly other loans, and a mistaken attempt to buy good will. They also have recalled the non-payment of Britain's old World War debt.

Theft Of Panties At Michigan State Solved By Arrest

Lansing, April 10 (AP)—The arrest and arraignment in municipal court of Russell Swart, 21, of Mason, an employe in the Michigan State college dairy and a World War II veteran, today solved the M. S. C. lingerie burglaries.

East Lansing Police Chief Arthur Brandstatter said Swart, who waived examination when arraigned before Municipal Judge Marvin Salmon, admitted stealing 179 pair of panties, 40 brassieres, seven girdles, 36 slips, several other pieces of lingerie and 101 pair of rubber boots, from coeds in various dormitories and sorority houses.

MANPOWER LOW IN COAST GUARD

Auxiliary Members Who Own Boats Called Back To Duty

Grand Haven, Mich., April 10 Coast Guard began today the mobilization of its war-time civilian volunteers to supplement the dwindling manpower of its Great Lakes stations.

The hundreds of auxiliary members, most of whom own boats, were told in letters signed by Commodore J. A. Hirschfield of the Ninth Coast Guard district in Cleveland, O., that they are "well qualified to take over many posts of duty which must be filled during the navigation season."

The Coast Guard contends that a shortage of regular personnel "makes it necessary to call these (volunteer) men back to active duty and they will serve until the situation is relieved."

The Coast Guard cutter Tahoma has been inactivated and stations throughout the Great Lakes area are being operated by skeleton staffs, the result, according to the Coast Guard, of depleted manpower due to discharges and reassignment.

The volunteers are being asked to stand watches at lifeboat stations and other essential Coast Guard facilities on the Great Lakes.

Hirschfield announced plans to attend a meeting here Thursday of harbormasters and civic leaders of communities bordering the Eastern Lake Michigan shore, including Muskegon, Benton Harbor, South Haven, Holland Ludington, Manistee, Charlevoix and Petoskey.

Copper Mine Tieup Averted; Contract Signed At Houghton

Houghton, Mich., April 10 (AP)—Signing of a new contract today averted a strike called for May 4 at the Calumet and Hecla Consolidated Copper Co., by the Copper Workers' Local 584 of the International Mine, Mill and Smelter Union (CIO).

The agreement provided an 18½ cents an hour wage increase retroactive to April 1.

Union officials, who said the walkout would have affected 1,600 workers, said maintenance of membership and dues checkoff clauses were continued in the contract.

He added that the union withdrew its demands for a union shop and for shift differentials.

INMATES TELL ABOUT VICE IN STATE PRISON

OFFICIALS GOT CUT ON CONCESSIONS CONVICT SAYS

BY ROBERTA APPLEGATE

Lansing, April 10 (AP)—Present and former inmates of the state prison of Southern Michigan today told of crap games where $2,000 was won and lost, and lush inmate concessions from which officials got a cut, at the state civil service commission's ouster appeal hearing of six former prison officials.

The witnesses also described frequent, unescorted visits of inmates to houses of ill-fame in Jackson, and visits of "girl friends" of a prisoner to the home of D. C. Pettit, former assistant deputy warden, and to the prison hospital.

Arthur Little, a paroled convict, testified that the "girl friend" of Mike Selik, convicted for conspiracy to murder the late Senator Warren G. Hooper, lived at Pettit's home while Selik was Pettit's house boy. Pettit, dismissed with the six who are appealing for reinstatement, last week withdrew his request for a hearing.

Won Big Stakes

Timothy C. Baxter, now at the Ionia reformary, testified that he had lost $2,000 in a crap game, and had sometimes won that much, and described the visit of a "sweetheart" to the prison hospital, after making arrangements with the prison nurse.

Another inmate, Walter Knowles, testified that he split with Pettit the profit he made in giving other inmates more pleasant assignments, and that Pettit also got 50 cents on every cell table Knowles sold from his table concession.

The six officials seeking reinstatement are: Harry H. Jackson, former warden; George I. Francis, former deputy warden; H. Charles Watson, former records clerk; Walter L. Wilson, former chief guard inspector; Richard T. Riley, former athletic director, and Joseph G. Poirier, former accountant.

Knowles, who is serving a 40-year term for robbery armed, said that although he was table to arrange cells and work assignment for other inmates "I didn't pretend to be a big shot," and that he split the money he made in these arrangements with Pettit "every week or so."

Reprisals Feared

He also had the prison table concession, directing the construction of wood tables for inmates' cells. "The regular table cost $1.50 but some were six and seven dollars. Mr. Pettit got 50 cents on every table I took into the cells."

"If I'd been on the table concession long enough and been able to keep my nose clean it would have run into $150 or $200 a month," Knowles said. However, he was transferred to Marquette for attempted escape.

At one point, Knowles refused to name other inmates who have

WOMAN NAMED TO NIPPON DIET

Heavy Female Voting Noted In First Jap Free Election

BY RUSSELL BRINES

Tokyo, Thursday, April 11 (AP)—A 38-year-old housewife—whose husband was ousted from the Diet by Allied decree—today became the first candidate of either sex to be virtually assured of election to that body.

As incomplete returns from Japan's general election yesterday rolled in, Mrs. Satoko Togano, a candidate of the Japan's People's party—a minor organization—had piled up 24,000 votes.

She is the wife of Takeshi Togano, former newspaperman and a member of ex-Premier Tojo's House of Representatives who was disqualified by General MacArthur's purge of ultra-nationalists.

Mrs. Togano was the only woman candidate in Tochigi Prefecture, about 100 miles north of Tokyo.

Some observers credited appeals by Emperior Hirohito for the unexpectedly large turnout of women, voting for the first time in Japan's history.

There was no violence reported throughout the election. This orderliness, combined with the heavy women's vote, the large turnout in "silk stocking" wards of Tokyo and an apparently representative rural vote, reinforced previous expectations of a conservative triumph.

Raise Of $400 To Servicemen Wins Approval

BY CLAIR JOHNSON

Washington, April 10 (AP)—A House military subcommittee approved a flat $400 a year pay increase for all servicemen today and Rep. Harness (R-Ind.) announced he would move to make it a basis for halting draft indusctions.

"With a $400 increase, the Army and Navy will get enough volunteers so continued drafting will not be required," Harness told a reporter.

"Army spokesmen have told us they can get along for several months with a suspension of inductions and still have enough men. If they can do that and then we give them the pay raise to provide still more inducements for enlisting, they ought to be able to do without the draft at all."

Other committeemen contended, however, that additional enlistments which a pay increase would bring would be sufficient only to prevent the necessity for increasing the rate of draft inductions beyond its present level.

Harness predicted that the full military committee will approve the $400 increase before the House takes up Friday the bill to continue the draft for nine months beyond its May 15 expiration date. He said he will offer on the floor his proposal to suspend inductions which the committee yesterday rejected.

The $400 a year increase would be paid to all officers and men in the Army and Navy. This would raise the pay of privates, now $50 a month, $83.33.

The Army and Navy have recommended a 20 percent increase for all personnel. This would raise the pay of higher officers more than $400 a year, but would increase the private's pay only to $60 a month.

Various other proposals are pending before both the House and Senate military committees, including one for a 100 percent increase in the pay of privates, smaller increases for other enlisted men, and none for officers.

The Senate committee expects to act on the draft extension tomorrow and also may vote on a pay increase at the same time.

MINERS DESIRE NO CONCILIATION

Meetings In Ishpeming Get Nowhere, Iron Workers Claim

Ishpeming, Mich., April 10 (AP) Striking iron miners of the Marquette range today ignored state and federal conciliation moves here, concentrating instead on private Washington meetings.

The CIO's United Steel Workers, of whom more than 8,000 have been on strike in Michigan for two months, said they would not participate in "futile" conciliation meetings scheduled here Thursday and Friday.

Jack Powell, union representative, indicated in telegrams to the state and federal departments of labor that the strikers preferred to leave their case to a conference in Washington this weekend between international representatives and operators.

A miners' demand for an 18½ cent hourly wage increase has been met with a counter offer of 10 cents from operators. Ishpeming has been a focal point of the Upper Peninsula strike. The Marquette range has 3,000 employes.

Powell asserted the strikers "refuse to engage in future conciliation meetings in Ishpeming. They have been tried and failed. Our position is well known to the companies and is unchanged."

Conferences in the Marquette range dispute had been scheduled here Thursday and Friday by James Greenfield, state mediator, and John Luecke, federal conciliator.

Impetus Is Given To Flying Schools By GI Bill Offer

Lansing, April 10 (AP)—Reporting that 50 applications for flying schools were pending before the department, Col. Floyd E. Evans, aeronautics department director, said today that piloting instruction for veterans under the GI bill has given new impetus to Michigan flying schools.

More than 60 schools in the state are licensed now, he said. Under the GI bill, the veteran may receive up to $3,000 worth of flying instruction at government expense

LEWIS WALKS OUT ON MINE PEACE PARLEY

NATION MENACED WITH ECONOMIC CRISIS

BY HAROLD W. WARD

Washington, April 10. (AP)—The government intervened in an attempt to revive collapsed coal strike negotiations tonight after John L. Lewis had jammed his hat on his head and walked out of the parley with a blast at the mine owners.

Secretary of Labor Schwellenbach announced that he had arranged to meet with Lewis and the operators tomorrow and try to get the negotiations resumed.

As Lewis took his walk, he growled to the operators that he trusts "time" will "modify your niggardly and anti-social propensities."

Seizure Not Wanted

The operators in turn challenged "the right of any labor organization to stall and play politics when a basic American industry is shut down." Their statement expressed hope that Lewis "will change his attitude and resume meetings."

It was generally recognized that the 10-day-old coal strike, if prolonged, will confront the nation with perhaps its greatest postwar economic crisis. There was same expectation that Dr. John R. Steelman, special labor assistant to President Truman, might take an active hand.

Paul W. Fuller, special conciliator, went into a long huddle with Schwellenbach and Conciliation Director Edgar L. Warren. None of them would comment on the conference. Fuller said, however, that he understands the president does not want to seize the struck mines and that the union and the operators do not want a fact-finding board.

Charges "Exaggerated"

The operators wanted to consider wages and hours while Lewis insisted that they first commit themselves on a health and welfare fund and mine safety provisions.

Lewis exploded after he tried for the fourth time in the four weeks of negotiations, to get the operators to agree to report disagreement to the full bituminous joint wage conference.

The operators said that Lewis "presented a series of exaggerated and unfounded charges against the coal operators concerning alleged lack of safety in the mines as a buildup for a huge levy called a 'welfare fund' which was to be a royalty charge on coal to be paid into the union treasury for its unchecked use."

"The operators rejected the royalty proposal as unsound and un-American," the statement continued, "and that rejection must stand as final."

Eight Die In Fire; Arsonist Blamed In Back Bay Blaze

Boston, April 10 (AP) — Arson was blamed for a Back Bay apartment house fire today in which eight persons perished, including an entire family of five, and six others were injured.

After viewing the scene, and those of two other fires in the immediate neighborhood, which occurred as firemen battled the fatal blaze, City Fire Commissioner Russel J. Codman said in his opinion it was "clearly evident that all three were set."

"All three," he said, "started under main stairways and in each instance there was debris under the stairways."

WASTE PAPER DRIVE PLANNED

Shortage Acute Now As Pulp Production Declines

Plans for reviving the waste paper salvage campaign on a broader basis than was attempted even during the war years were discussed here this week as a result of the critical paper shortage.

Fred R. Charlton, of Marquette, representative in Upper Michigan and the northern part of Lower Michigan for Frank Block and Associates, public relations counsel, conferred in Escanaba with local civic and Boy Scout leaders regarding plans for reviving the paper salvage campaign.

Charlton emphasized that the demand for waste paper is so great that normal trade channels are unable to supply enough to keep paper mills operating to meet production requirements. The paperboard industry, which consumes over 70 per cent of the waste paper normally, is running far behind schedule and white paper and fine paper mills also are calling for waste paper as a substitute for wood pulp, which is also extremely scarce.

Charlton reported that a substantial increase in domestic pulp production cannot be expected for some time because of a manpower shortage in the woods. About 17,000 German prisoners of war who were engaged in producing wood pulp during the war have been repatriated and the paper industry has been unable to replace these prisoners with free labor.

The present goal is to obtain 7,000,000 tons of waste paper in 1946, a quota substantially greater than the normal collection of waste paper dealers.

The program for the Escanaba campaign has not yet been worked out but local residents are being asked to salvage their paper now. Proper arrangements for collection will be made soon.

Youthful Veteran Gets Prison Term For Killing Woman

Detroit, April 10. (AP)—Walter J. Blattert, 17, an overseas army veteran, was sentenced to 14 to 15 years in prison today in the death of Mrs. Gladys Marsden, 43-year-old divorcee and grandmother.

The victim, an army ordnance clerk, was found beaten and partially nude at dawn Dec. 29 in a rain-soaked Detroit schoolyard.

Blattert was tried on a charge of first degree murder, but a jury returned a lesser verdict of manslaughter. Testimony showed the youth had met the woman in a tavern adjoining the schoolyard the night before.

Recorder's Judge John P. Scallen, passing sentence, said a probation report showed Blattert had homicidal tendencies and the court's phychiatrists defined him as "sadistic."

Blattert testified that he joined the army at the age of 15, was wounded in France, and joined the Michigan State Troops after his discharge.

Redhead And Blonde Claim Coast Guard Wedded Them Both

Detroit, April 10. (AP) — Coastguardsman Richard Francis Shearer, 24, was arraigned today on a bigamy charge while the complainants, an attractive redhead and a pretty blonde, sat side by side as spectators.

He stood mute and a plea of innocent was entered for him by Recorder's Judge Paul E. Krause who set bond at $2,000, two sureties, and ordered an examination for Thursday.

Prosecutor Gerald K. O'Brien said that, after a first marriage had ended in an annulment, Shearer married the blonde, June Flechsig, 21, in Detroit Oct. 21, 1944. On Jan. 7, 1946, the prosecutor said, the youth married redhaired Catherine Beavers, 23, of Long Beach, Cal.

He left Catherine, O'Brien said, to go to a Coast Guard base for discharge but, instead of returning to her, rejoined June in Detroit.

The two young women lived together in Detroit after Catherine came from California to compare notes. June filed suit for divorce March 18.

Police Chief Runs For Wayne Sheriff

Detroit, April 10 (AP)—Henry W. Piel, police chief of Grosse Point Park, announced today he would be a candidate for the Republican nomination for sheriff of Wayne county.

In the announcement, Piel said he had resigned as president of the Southeastern Michigan Association of Chiefs of Police. His temporary successor is Chief Roy A. Butcher, of Ferndale. Piel is a former Detroit chief of detectives.

Topinabee, Mich., was selected as the site for the association's annual convention June 24-26.

GAS TANKER BURNS

Naples, April 10 (AP)—An Allied tanker loaded with 3,000 gallons of gasoline burned in a spectacular fire in the Bay of Naples tonight. Firemen sank the vessel to prevent the flames from spreading to other craft. There were no casualties.

FLOOD CLAIMS 15

Guayaquil, Ecuador, April 10. (AP)—Fifteen persons were reported missing tonight as the River Amaya, swollen by heavy rains, overflowed its banks and engulfed property of the Cotopaxi Exploration Company, an American concern.

State Can't Meet April Draft Quota

Lansing, April 10 (AP)—Michigan will be a "long way" from filling its April draft quota because "there is a general lack of available men in the 18 to 26-year-old group, "the state selective service headquarters predicted today.

Although the exact April quota is restricted information, officials said the call was the largest since the war's end and is double the February and March totals because national headquarters wanted to make up deficits accumulated since V-J Day.

A spokesman said that there was a large backlog of 18-year-old registrants whose induction has been postponed while they finish high school and college terms. There are a very few industrial deferments although some are necessary in agriculture, he said.

In addition, many 18-year-olds have been volunteering for service instead of waiting for their numbers to be called.

CENSORSHIP IS LESS IN WORLD

Russia Largest Blackout Area In Freedom Of News Reporting

New York (AP)—American newspaper readers can now be sure they are receiving news from a great part of the world without censorship.

However, areas of blackout and brownout remain.

Of all these, Soviet Russia is the largest.

Definite restrictions also remain in two of Russia's western neighbors, Poland and Hungary.

In Germany, the Russian-occupied zone is the only section in which foreign newsmen are unable to operate at will.

Finland, concerned about getting along under the armistice she signed with Russia and Britain, occasionally imposes restrictions.

However, the Russians have voluntarily released newsmen of the major Allied nations in Romania from the Soviet censorship provided for all news in the Romanian armistice.

In Latin America regulations range from complete freedom to a strict censorship in Paraguay.

China has abolished the last of her restrictions, now that former Japanese-held territories again are under control. The military censors of southeast Asia have put away their pencils. Press messages flow freely in and out of Janan, though the Japanese press itself is under Allied military control.

There has also been considerable improvement in press freedom within other countries, but there is still only a handful which enjoy anything like what is known to Americans and British as freedom of the press, and even in the most liberalized areas newsprint shortages hold the dissemination of information to a fraction of that to which the United States is accustomed.

Taxpaying's Easy Says One Woman

Greensboro, N. C. (AP)—Flooded with income tax returns, the office of State Internal Revenue Collector Charles H. Robertson received at least one chuckle in its mountain of mail.

One North Carolina woman, having filled out her tax form correctly and found that she owed no tax, enclosed a check for "no dollars and no cents" with a "no tax due" notation written across the check.

FIRE LOSS $70,350

Lansing, April 10 (AP)—Following recapitulation of the area, the state conservation department today reported approximately 22,000 acres were burned in the recent Huron national forest at a loss of $70,350 excluding damage to private property.

Ninety per cent of mistletoe on Christmas markets comes from Oklahoma where the green grows abundantly on southern oak or cottonwood trees.

A nylon rope a half-inch in diameter can lift load of three tons.

URGE BEAVER LAW CHANGES

Conservation Men And Trappers Offer Their Ideas

BY GEORGE M. RINTAMAKI

Newberry, Mich. — That the state's system of beaver management will need some changes if the valuable fur-bearer is to be given all the protection it deserves and needs, is the opinion of most trappers and conservation officers, according to a survey made here at the close of the season this week.

Here's how a cross section of the people questioned feel about the present situation:

"We must introduce into the beaver regulations a new ruling requiring that the beaver must be presented for sealing unskinned," says Conservation Officer, R. Beach of Newberry, an especially well-qualified expert on beaver after 40 years of observation as a trapper and game warden. "This would do more than any other single regulation to curb illegal pre-season beaver trapping, at present our greatest problem." Beach's suggestion has the approval of many trappers.

Many other trappers believe that violations might further be discouraged if the law provided that a convicted beaver law violator would loose his trapping privileges for three years, a law similar to the present one on deer.

That the director of the state's department of conservation should have the final power to declare a closed season on short notice if necessary or to reduce bag limits in the case of an emergency such as suddenly turned up this spring with the early open conditions, is the opinion of Andrew Johnson, a trapper for 20 years in this area This local trapper believes that open season should not be announced any further in advance than necessary. He prefers five days as about right.

"It is a mistake to have certain fixed areas closed to beaver trapping year after year," believes Mark R. Hollister of Alpena, who traps regularly north of the straits. He thinks that beaver do not migrate out of perpetually closed sections enough to be of benefit except to open areas immediately adjacent to them. "These closed sections should be changed about over a period of a couple of years to give populations in any depleted area a chance to recover." Many other trappers agree with Hollister on this statement.

Some conservation officers and trappers believe that a ban on all trapping during the month of March, or the month preceding beaver season might prove beneficial to wildlife in general. Law enforcement men would like to see a ban on having traps of any kind in possession during this time in fur areas. Trappers don't like this idea as a whole, though some favor it. As some point out, there is no fur, except illegal beaver and muskrat to be caught in this month anyway, that is, in any sizeable amounts.

Through a survey of beaver trappers following the close of season here, the department has found that about nine out of ten trappers favor a closed season next year, with many suggesting that certain sections be closed for three years. The beaver, they reported, were entirely exterminated in some sections this season. It will take the animal a long time to come back to such places, game men say .

A change in the system of fur marketing has proved decidedly advantageous to northern Michigan trappers. Disregarding the old method of grading furs into various size lots such as small, medium and large, etc., most fur buyers have been buying on a straight measurement basis. Price here has ranged from .90c to $1.05 per inch, the measurement being the width of the skin plus the length. This system has proven popular because the trapper gets paid for the exact size of the pelt.

Over 150,000 American military and civilian personnel have visited the Sphinx and Pyramids on American Red Cross tours.

Women Invited To Take Part In Fly Tying Classes Too

Women, as well as men, are invited to take advantage of the fly-tying classes, being conducted Monday through Friday evenings at the city recreation center under the supervision of Mel Roberts, well known fisherman and fly-tyer here.

As a matter of fact, Mr. Roberts said, many women prove to be better fly-tyers than men, and often learn more quickly.

The classes will continue evenings from 7 to 10 p. m., except on Saturdays and Sundays, through May.

INMATES TELL ABOUT VICE IN STATE PRISON

(Continued from Page One)

concessions, declaring: "I don't want to be put on the spot. I've been told we don't want another Hooper murder, and if I talk I might live to regret it."

Little said he sometimes used Pettit's car to visit houses of prostitution, and that on another occasion Mr. and Mrs. Pettit, Selik and the girl, himself and another convict spent a weekend at a cottage at Southlake where liquor was provided freely.

Paid With Potatoes

Harold Brosamer, a former convict from Grand Rapids, testified he left a prison farm "maybe 100 times" with the guard's permission and went to Jackson in a taxicab to visit houses of prostitution. He said he sometimes paid the cab drivers and the inmates of the houses with potatoes or eggs taken from the prison farm.

Baxter said that on one occasion he made arrangements to enter the prison hospital, and that the next day a woman visited him. "I had given the inmate nurse a $10 bill and a screen was put up, then the nurse went down stairs for an hour or so," he related.

Declaring that he had been in seven penal institutions, Baxter told Harry W. Jackson, assistant attorney general conducting the state's case, that at the state prison "there was not too much discipline of any one kind. Sometimes it was rigid and sometimes it was lax."

He asserted that "you might as well throw away your rule book, because each cell block had its own rules, and the only way to find out what you can get away with is to watch and see what the guard is like."

To get cash, Baxter asserted, he wrote a check for $450 on his prison account and sent it to the mother of an inmate. She cashed it and handed him $400 during visiting hours "when the guard who sat at the other end of the table was looking away."

Three of every four Mexicans work on the land.

FRANCO AIDING NAZIS, POLAND INFORMS U. N.

(Continued from Page One)

the agenda, especially in view of a letter from Hussein Ala, the Iranian envoy, to the council yesterday in which he asked that the council reject the Russian demand.

In Tehran, the Iranian propaganda minister, Prince Mozaffar Firouz, said that the Iranian government had no official information as to what steps had been taken by Ala. He added that Iran did not consider it necessary, "in view of the joint Soviet-Iranian communique of last week, to give any further instructions to its representative in Washington" regarding retention of the case on the agenda.

Movie Set Death Not Murder: Ladder Fall Is Indicated

Los Angeles, April 10 (AP) — A coroner's jury found today that Edward Gray, 31, studio employe found dying after a party on a movie set last Wednesday night, was killed by an accidental fall while intoxicated.

Police had first thought he might have been the victim of a slaying. Gray was found in a pool of blood on the General Service Studio lot after a party celebrating completion of a picture. "Angel On My Shoulder," a story of murder and phantasy. He lay near a 65-foot back drop depicting the gateway to hell.

Investigating officers offered the theory that he had climbed a ladder to the top of the back drop after the party was over and then fell to a macadam driveway below.

Actor Paul Muni and Actress Anne Baxter, two of the inquest witnesses, testified the party was a dull affair and that they could throw no light on how Gray received his fatal injuries.

Testimony that Gray was "so intoxicated he could hardly walk" after the party was given by Allen Seiger, studio propman.

Business District Of Allentown, Pa., Has $1,000,000 Fire

Allentown, Pa., April 10 (AP)—The worst Allentown fire in a score of years roared out of control for seven hours in the heart of the business district today, killing one fireman and injuring five others.

Public Safety Director Edgar Wolf, a former fire chief, said loss would exceed $1,000,000. Thee buildings including a theater lobby and 20 apartments were gutted.

Origin of the fire could not be immediately determined.

Owls range in size from the sparrow-sized elf owl to the great horned owl two feet in length.

Polish War Bride Is Recent Arrival At Rapid River

Rapid River, Mich.—Mrs. Everett Wils arrived here April 5 from Krakow, Poland, and was met in Gladstone by the Andrew Wils family and Miss Gertrude Bennet.

Eugenia Satula of Krakow, Poland was married to Everett Wils, son of Mr. and Mrs. Andrew Wils of Rapid River on Sept. 1, 1945 at the army chapel by the army chaplain at Mounnelon La-Grand, France. She arrived in New York April 3 after 15 days on the ocean where they encountered several storms. T-4 Sgt. Everett Wils is in Le Havre, France, waiting to be shipped home, he expects to be here by Easter. He has been in the service 44 months, one-half of which has been in the European theatre. Mrs. Wils speaks German, Polish, Bohemian and a little Russian, she is now learning the English language fast. She was employed in army hospital work in Europe.

Mrs. Vietzke Funeral

Funeral services for Mrs. Vietzke, age 62, who died Wednesday, April 3 in Chicago at the home of her daughter, Mrs. Jesse Harris, were held Sunday afternoon at 1:30 at the home and 2:00 o'clock at St. Martin's Lutheran church.

A large number of friends and relatives attended. The room in which the body reposed in at the home was banked with beautiful flowers showing the esteem in which Mrs. Vietzke, a life long resident of Rapid River was held. Funeral services were conducted by Rev. Theophile Hoffman, pastor, who took his text from 1st Corinthians, verses 55-57.

At the home Irving Johns sang "I Will Pilot Thee" accompanied by Alcott Erickson, at the church, Miss Edyth Proehl and Irving Johns sang, "Let Me Go". Irving Johns sang, "The Truest Friend I Haye Is Jesus"—"For Me to Live Is Jesus" was sung by the congregation. Alcott Erickson accompanied the singing.

Pallbearers were Wm. Vietzke, Fred Vietzke Jr., Irvin Wunock, Berthold Proehl, Martin Proehl and Fred Vietzke.

Attending the last rites from out of town were Mr. and Mrs. Max Neumann, son Harold and daughter, Mrs. Russel Hominger of Detroit, Mr. and Mrs. Jesse Harris, Marvin and Shirley Harris of Chicago, Mr. and Mrs. Herman Vietzke and son of Detroit, Mrs. Gustave Plutchalk and son, Buddy and Mr. and Mrs. John Drum of Daggett, Mr. and Mrs. Alex LaChance of Perkins, Mr. and Miss Loyal Sigfried of Stonington, Mr. and Mrs. Otto Scheibner of Escanaba, Mrs. Walter Pries and daughter Virginia of Milwaukee.

Nearly 60 kinds of food fish are found in Canada.

Briefly Told

Township Board Meets — A special meeting of the Ford River township board will be held Friday, April 12, at 8 p. m. at the Ford River school to take action on a proposal for installing street lights in the villages of Ford River and Hyde. Hugo J. Lillquist, Escanaba light department superintendent, will attend the meeting to outline construction plans and cost estimates.

* * *

Townsend Club — The meeting of the Escanaba Townsend Club No. 1 which was scheduled to be held tonight has been postponed until further notice.

* * *

Apply For License — Applications for marriage licenses have been made at the office of County Clerk J. Theodore Ohlen by George C. Nielsen and Doris Botrow of Danforth; Paul Guertin and Molly McNally of Garden.

* * *

Banquet Speaker — Harold P. Lindsay of Escanaba was the principal speaker at the athletic banquet held at Hancock last night. The event was sponsored by the business men of that city.

* * *

Mr. and Mrs. Leonard Nelsen, 1311 First avenue south, are the parents of a daughter born Sunday, April 7, at St. Francis hospital. The child, the first in the family, has been named Marlene Ann. Mrs. Nelsen is the former Marian VanLister.

White House Bans Easter Egg Rolling

Washington, April 10 (AP)—There will be no Easter egg rolling on the White House lawn this year, an annual event for children suspended since Pearl Harbor.

The White House announced today that President Truman has decided the waste of eggs that would result "would not be consistent with the effort to feed starving millions."

From where I sit ... by Joe Marsh

Professor Zogi, The Magician Marvelous!

Professor Zogi, the magician, came to our town Saturday and put on a performance for the benefit of the Orphanage.

It was quite a show! Among other things, the professor holds a pitcher in his hands, and asks folks what they'd have to drink. Ma Hoskins asks for buttermilk and the professor promptly pours her a rich, creamy glassful.

Then Zeb Collins asks for cider, and out of the same pitcher comes a mug of cider. Doc Hollister next calls for beer—and presto, from the pitcher comes a sparkling glass of beer, white collar and all!

"Just goes to show," says Doc, astonished, "that it takes a magician to satisfy all tastes."

From where I sit, the professor has a mighty good act ... one that points a moral too. Tastes differ—but people can have a friendly, happy time enjoying the beverage that each prefers—and being tolerant of one another's preferences.

Joe Marsh

Committees Named By County Board

Munising—The following committee appointments were made at the Alger county board of supervisors meeting, held Tuesday:

Finance and Taxation—Lowell Gibson, John Lezotte, Josephine Coaster, James Thompson and Russell Boogren.

Purchasing — Gunnard Bjork, Lowell Gibson, James Thompson, John Lezotte and Edmond Ouellette.

Buildings, Grounds and Airports—John Lezotte, Arthur McAllister, James LaCombe, Fred Lake and Neil Ylitala.

Highways and Bridges—James Thompson, Arthur McAllister, Neil Ylitala, Fred Lake and James LaCome.

Health—Russell Boogren, Gunnard Bjork and Neil Ylitala.

Welfare — Josephine Coaster, Lowell Gibson, Edmond Ouellette and Fred Lake.

One new committee was added to the board to be known as the Planning Board and consists of Lowell Gibson, James Thompson, Josephine Coaster and Russell Boorgren.

County Clerk Henry Jacobson read to the supervisors six bids which had been received by him for the purchase of the county infirmary buildings and land. After careful consideration by the board they approved unanimously the following bids:

The bid of George M. Wanska for $3,750 for the infirmary dwelling and two acres of land.

The bid of William J. Kehoe for $57.50 an acre for the following description: South 330 feet of the W½ of the NE¼ of Section 33, Township 46 North, Range 21 West.

Mr. Wolkoff has been caretaker at the infirmary since the place was opened on bids last fall by the supervisors. There are also several other portions of land owned by the county around the infirmary that will again be advertised for sale.

ROTARY CLUB SPEAKER

Munising—C. H. "Bill" Slater of the lands divisions of the department of conservation of the state of Michigan, was the speaker at the noonday luncheon of the Munising Rotary club on Tuesday. Mr. Slater discussed the procedures through which land taken over by the state is handled, how it may be redeemed by the previous owner and other related matters. He answered many questions.

Rotarian H. A. Wood read a letter from the secretary of the Dijon, France, Rotary club. Dijon was occupied by the Germans during the late war and Rotary ceased to function until the Germans were driven out. Their club was one of the first in the occupied territory of France to reorganize after Allies took over. The letter was in response to one from Mr. Wood who had been in Dijon under General Patton in the First World War. The exchange of letters is a part of the program of international goodwill which Rotary promotes.

William A. Cox, Dr. Glenn B. Baxter, Rev. K. O. Savaried, Dr. George B. Wickstrom, Carl H. Harthen and A. Atkinson were elected as directors of the Munising Rotary Club for the coming year. The retiring president, F. A. Aley, will also become a member of the board of directors when his term as president ends. The directors will choose the officers for the coming year.

Fred Reed, of the senior class of Mather high school, was introduced as the Youth Rotary for the coming month. Six boys have preceded his title this year for a month each, namely: Don Potter, Richard Chaltry, Ed Morrison, William Bernard, Richard Beattie and Robert Gatiss.

Holes are cut into a bamboo trunk to form ladders in the Celebes.

MILDRED ANNE PAINE

Munising — Miss Mildred Anne Paine of the headquarters office, Detroit conference, Wesleyan Service Guild of Methodist churches, will tour the Upper Peninsula from May 19 through June 2.

This announcement was made yesterday by Miss Frieda Schwartz of Munising, Marquette district secretary for Wesleyan Service Guilds.

She is scheduled to visit the local guilds of the following cities during her tour of the U. P.: Manistique, Munising, Marquette, Negaunee and Ishpeming at Negaunee, and then travel to the Copper Country.

On May 25 and 26 Miss Paine is scheduled to attend the conference of Upper Peninsula guilds at Lake Michigamme. From that conference she will visit Ironwood, Iron Mountain, Escanaba, Newberry and Sault Ste. Marie.

Miss Paine is a native of Albion, N. Y., and is a graduate of Oberlin College. She began her work in Nagaski, Japan, but was assigned to the industrial section of Tokyo. She ministered to the Japanese social welfare needs by establishing a settlement house, buying adequate properties and training a staff of teachers. Leading doctors and other experts became available to the area. The settlement came to be called AiKei Gakuen which interpreted means "Garden of Love." Work included well-baby clinics, nursery and primary schools, mothers' clubs, boys' and girls' clubs, and other vocational clubs. Miss Paine left Japan before Pearl Harbor, turning over her work there to the Japanese psychologist, Mishidu San.

Miss Paine's work is recognized as fundamental in the creation among Japanese of an understanding of the meaning of goodwill of American Christians. The Christian courage and faith displayed by those whom she taught, and with whom she worked, will stand high in the annals of Christian history.

During the last year Miss Paine has been doing graduate work in Boston, and in January completed an intensive course with Count Korsibsky at the University of Chicago.

The word mausoleum derives from King Mausolus to whom a monument was erected after his death by his wife, Queen Artemisia, in 353 B. C.

Timber Trail Girl Scout Camp Open July 6 To August 17

Munising — The Timber Trail Girl Scouts Association camp near Skeels Lake will be open from July 6 through August 17 this summer, it was announced yesterday by Mrs. B. C. Baron, president of the Munising Girl Scouts.

The five towns with Girl Scouts attending this annual outing are: Manistique, Munising, Marquette, Ishpeming and Negaunee.

Girls from Munising who wish to attend the camp for only one week must register before June 1. They wil attend either of the first two weeks, Mrs. Baron said. If they wish to extend their stay longer it can be arrangd, she pointed out. Registrations should be made with Mrs. A. Frank Aley, Jr.

A committee meeting will be held at the Mather Inn, Ishpeming, on Saturday, April 13. Two representatives from each town will be present. Those representing Munising will be Mrs. Eugene Williams and Mrs. George Chudacoff. Mrs. A. Frank Aley, Jr., will also attend as registrar for Munising.

Two camperships at Timber Trail camp will be offered to Munising Girl Scouts, Mrs. Baron also announced yesterday. They will be valued at $10 each, the equivalent of a week's stay at the camp. One will go to an intermediate Scout and one to a senior Scout.

LINCOLN SCHOOL WINS

Munising—The elementary basketball schedule, conducted by Coach Joseph Poisson, has just been completed. At the end of the regular playing season, Mather and Lincoln were tied with three wins and one loss each. In a playoff between these two teams, Lincoln won, making them the elementary champions.

Complete results of the schedule were as follows:

Team	W.	L.	Pct.	TP
Mather	3	2	.750	88
Lincoln	4	1	.750	106
Washington	0	4	.000	34

The teams were made up of the following members: Mather: Tunteri, Mazzalo, Hill, Nelson, Elkert, Witty, Golenda, Campbell, Mitchell, Hendrickson and Depew; Lincoln: Mercier, Cook, Wallace, Lincoln, J. Anderson, Malone, Maki, Morin, Korvela and T. Anderson; Washington: Niedzwiscki, Williams, Trombly, Morrison, G. McGuire and B. McGuire.

Local Legionnaires Travel To Trenary

Munising—Members of Roderick Prato Post, merican Legion, will journey to Trenary on Sunday, April 14, for a special meeting for the purpose of recruiting members in the Munising Legion post. The meeting will be held at the Trenary town hall at 3 o'clock. The meeting is the first of a series by the Munising post to try and spread the gospel of Legionism to the outlying districts.

Refreshments will be served after the meeting.

All ex-servicemen in the county, who have not yet joined, are especially urged to be present. Munising members will meet at the Legion Club at 1:30 p. m. All who have cars are requested to bring them and pick up a load of Legionnaires. No notices will be sent to paid-up members.

Scout Day Camp From August 6 to 16

Munising — A Munising Girl Scout day camp will be held Aug. 6 to 16, inclusive, Mrs. B. C. Baron, president, announced yesterday. Miss Raghild Johnson, former Munising teacher, will return to Munising to act as director.

Comittee chairman for the day camp is Mrs. Charles Symon. Her assistant is Mrs. Julia Raica.

Girl Scouts from Brownies to and including 12 year olds are eligible to attend. Sessions will be held each day from 9 a. m. to 3:30 p. m.. It is expected the day camp will be held at the Washington school again this year as it has in the past.

MUNISING BRIEFS

Mr. and Mrs. Herb Van Auken spent Wednesday here visiting at the home of Mr. and Mrs. George Leach.

Mr. and Mrs. Cecil Locke returned home on Tuesday from a week's visit in Boyne City, Petoskey and Ypsilanti.

Joseph Rousseau has returned to his home here after spending several days visiting at the home of Mr. and Mrs. Vernon Rousseau in Escanaba.

Dimming "Brights" Urged For Safety

Because blinding headlights have been a frequent cause for the rising toll of accidents, an appeal was made today by Automobile Club of Michigan for car owners to place more emphasis on dimming their "brights" when approaching oncoming vehicles.

In a letter to C. J. Scavarda of the state police, Ernest P. Davis, director of safety and traffic for Auto for Auto Club, asked that state troopers pay particular attention to this fault of night drivers.

After cleaning the headlight lenses and checking the wiring system, the lower beam should provide sufficient illumination for ordinary night travel, Davis said.

"The high beam, he said, "was designed for use in the open country, or in hilly or mountainous districts where sight distances are shorter. But to be on the safe side, and to be fair to the driver of the car coming toward you, the beam should be depressed whenever necessary."

Garden

Church Services

Garden, Mich.—St. John the Baptist—Lenten Devotions at 7:30 p. m. Friday; Catechism at 9:15 a. m. Saturday; Mass Sunday April 14. Palm Sunday at 10:30 a. m.

Congregational—Sunday school at the parsonage at 10:30 a. m.

Discharged

Dick Hermes, son of Mr. and Mrs. Joe Hermes of Van's Harbor, returned here Thursday after serving in the Coastguard for the past 3½ years, most of which was spent in the North Atlantic. He has received honorable discharge.

Birthday Party

Mrs. Alfred LaVallee entertained seven girl friends of her daughter Ann at a six o'clock dinner Friday in celebration of her birthday. A pretty cake, decorated in green and white centered the table. Ann received nice gifts.

Briefs

A meeting of the local American Legion was held at the Community hall Monday night.

A Minor Sacrifice

THE federal order reducing the amount of flour available to bakers and grocers to provide additional supplies to meet foreign commitments is necessary if the United States is going to make any substantial effort to avert wholesale starvation in other parts of the globe.

The bakers are vigorously protesting the order, contending that sufficient time has not yet been given to determine how much wheat can be saved by increasing the percentage of the wheat kernel used in white flour. Unfortunately the need for increased grain shipments abroad is acute now and the occasion does not warrant gambling on savings that can be made only by the increase in the percentage of wheat kernel used in white flour. The only sure way to provide additional grain for the starving people in Europe and other lands is to make an outright reduction in the flour consumed in this country.

The sacrifice that is being asked of the American people is minor indeed compared with the tremendous problem of starvation confronting so many people of other lands. We can easily without hardship get along on just a little less bread so that people in foreign lands can be saved from the ravishes of starvation. Even with our help, they will not be saved from hunger—but only from death.

Much Road Building

ADVERTISING by the state highway department for bids on various projects indicates there will be much road building in the Upper Peninsula and elsewhere in Michigan during the coming years.

Interest in highway construction is not confined to Michigan only, however. In 19 states alone, more than one billion dollars worth of highway construction has been approved. Emphasis of many state highway construction programs is on secondary or "farm-to-market" roads though trunkline highways are getting their share of attention.

The difficulty of determining costs in the face of rising labor and materials markets is a snag retarding immediate construction in some states. Materials and labor shortages will still act as a brake on road building for some time, but once this situation is relieved there will be many projects under way, furnishing employment to many persons and promising better transportation to the public when completed. The building program cannot get under way too soon in the Upper Peninsula, for this region long has shown a keen appreciation of the value of good roads.

Draft Extension Likely

THE draft problem has been bandied around so much in recent weeks, with a new plan offered virtually every day, that it is extremely difficult for the average citizen to keep pace with the developments.

The latest proposal, however, seems to be the one most likely to be adopted eventually. This plan approves the extension of the draft law, but only for nine months, and it further bans the induction of fathers and limits the service of inductees to 18 months.

This plan meets the immediate requirementts for military personnel and at the end of the nine months period it is probable the draft can be discontinued entirely. The vigorous recruiting program that is anticipated this summer, supported by the probable revision of pay grades for enlisted men, may secure the quotas needed to meet our military obligations. Until assurance is available that volunteer enlistments are meeting requirements, however, it will be necessary to continue the draft law. The number of men that will be called through the draft will necessarily be determined upon the success or failure of the volunteer recruiting drive.

Research Pays Off

THE efficiency of American railroads is the result of continuous research. This research is carried on experts in laboratories, in shops, in terminals, in offices and along the tracks. As the speed and load capacity of trains are increased, research becomes more intensive. When trains first started, people were willing to stand up or sit down on wooden benches. The mere fact that engines had been made to run and pull cars was enough.

Today emphasis is placed on safety and comfort. Not so long ago it was discovered that the seats in day coaches were too high for the average woman's feet to comfortably reach the floor. Lower adjustable seats were built and curved to fit the back.

While the bodily comfort of passengers has been receiving unusual attention, refinement in the vitals of the railroad have progressed as never before. The improvement in railroad rail, on which the lives of passengers depend, has been so marked that it is now vastly superior to rail laid only 15 years ago. Flaws which cannot be seen in the rails are discovered by detector cars which travel all over the country and feel for faults with electric fingers. Locomotives are tested while standing still with their driving wheels resting on giant rollers. While the drivers turn by steam from the locomotive, as many as 32 observers will be watching the details of the performance.

Research today is the greatest factor in the progress of rail transportation. Without this research the railroads would have been unable to render an outstanding war job.

Lumber Exports Cut

BELATED recognition of the serious housing situation in this country comes with the decision of the Civilian Production Administration to reduce exports of lumber during the next three months.

During the last quarter, 225,000,000 board feet were shipped abroad; shipments during the second quarter will be restricted to 179,200,000 board feet.

While it is true there is much suffering in the foreign countries ravaged by war, we also have a serious housing situation in this country. Many veterans' families are unable to find homes. As a result of the serious shortage of housing, there is a furious bidding for the rental and purchase of dwellings. Rents and prices have risen to unwarranted heights.

We want to do everything possible to aid the unfortunates of foreign lands, of course, but the needs of our own people also must be given attention.

Repairmen Are Busy

THE report of the American Automobile Association that member motorists suffered 36 million breakdowns in 1945, compared with 30 million in 1941, coupled with delays in the production of new cars, bodes well for those engaged in the car repair business.

A record year in summer touring is predicted. Incidentally, the A. A. A. reported that one-third of the breakdowns were caused by tire trouble.

Returning service men, in considerable number, are entering the service business. Many of them worked on the maintenance of motor vehicles while in the armed forces, and they are now using their training and experience to advantage. There will be business for all of them for a few years, at least.

ALL IN FUN.
(Grand Rapids Press)

The Society for the Preservation and Encouragement of Barber Shop Quartet Singing in America is putting on one of its almost regular events in Grand Rapids this week. Local quartet enthusiasts (and who isn't one?) are certain to be treated to the smoothest harmony and neatest "swipes" to be heard anywhere. But what must perplex many are the implications in the society's name.

Gather four men together, with or without a piano, and they hardly need any encouragement to start singing. As a matter of fact, if there are more than four men present the problem is to keep the quartet from becoming an octet or male chorus. Anyone who has ever belonged to a club or has lived in an army or navy barracks can verify that. In truth, the number of potential quartet singers in this country is almost equal to the total male population.

Just what "barber shop" has to do with male quartets and close harmony is an extremely vague matter. We are inclined to accept the theory that the barber shop of old was the rallying place for the neighborhood's vocalizers, but with the reservation that the quartets doubtless existed before the advent of that institution. It is a little easier to understand how the word "preservation" got into the name, for obviously the society has accomplished a great deal in preserving the true style of quartet harmonizing against the influence of more elaborate singing styles today.

Having finally mastered the meaning of that combination of letters, SPEBSQSA, however, we wouldn't for a minute suggest any change in the society's name. By now an institution in its own right, it is likely to go on for a long time preserving and encouraging barber shop harmony, even in the very halls which at times echo to the music of Bach and Beethoven.

Walking, though good for the health, causes many people to get run down.

Take My Word For it . . Frank Colby

OFFICE LATIN
(Scrapbook Item)

In several previous articles I have tried to point out the advantage of getting business letters out of the Middle Ages. In dictating business letters, many a hard-headed executive thinks he is in the groove, when he is really in a rut.

Office Latin is a carry-over from the dear, dead days of elegance and grace, when letters were leisurely written in Spencerian curlicues, and when there was time to compose scholarly and highfalutin commercial prose. But both the typewriter and the efficient stenographer are here to stay, and Latin, the dead language, should be allowed to rest in peace.

We should avoid such archaic cliches as:

"As per your request." Per is Latin for "through; by means of; by." Hence, "as per" is nonsense. Such expressions as "per diem, per annum, miles per hour" are better usage when put into English. Say: Five dollars a day; ten thousand dollars a year; one hundred miles an hour.

"Viz." is the abbreviation for videlicet, "it is plain to see." The English "namely" is a better and more accurate word.

"Instant, ultimo, proximo" really belong in the catacombs. Instead of "your favor of the 13th inst.," say: Your letter of April 3, 1946 (or whatever the correct date is).

"In re" does not mean "with reference to." Re is the ablative of the Latin res, "a thing."

"Etc." is the abbreviation for the Latin phrase et cetera, which means literally, "and the others." It is a convenient abbreviation in such uses as: wood, steel, concrete, etc. (and other such building materials). But it should not be used thus: "etc., etc.," nor like this: "I remain, yours, etc."

There also is a real need for reform in the wording of legal documents such as contracts, insurance policies, deeds, wills, and mortgages, to say nothing of federal legislation, state laws, and city ordinances. They are worded so obscurely and ambiguously as to be entirely beyond the understanding of us plain people whose lives are affected or regulated by such instruments.

For free copy of pamphlet on business letters, send a stamped, self-addressed envelope to Frank Colby, in care of this paper.

World Events Analyzed

BY MARQUIS CHILDS

New York—As the fledgling United Nations prepares to meet new problems, it is preparing also to find a new place to live.

Childs

The Hunter College site in the Bronx is in many ways unsatisfactory. There is no centralized office space. U. N. officers have taken quarters in several buildings on the Hunter campus. But no one seems to know where they are and the visitor finds himself wandering from classroom, often in a vain search for the official he desires to see.

Even if the setting were a perfect one, U. N. would still be faced with the problem of a temporary home. The lease on Hunter College expires on May 15 and New York City's board of higher education wants to reclaim the college.

—JUST LIKE A REFUGEE—

A nervous and uncertain refugee, the new world organization is looking anxiously for another location. You have the feeling that it is hanging on precariously to the right to live in this great city that is crowded as never before the midst of a mounting boom.

The contrast is sometimes startling between the roar and the rush of the city, with its babylonian clitter, and the frail new organization seeking a place to rest. It is sometimes accentuated by small incidents.

One of the delegations occupies a number of hotel rooms in a lesser known hotel. One of the rooms was unoccuppied, waiting the arrival of a diplomat from Europe. The hotel management sent up word that the room would have to be paid for in advance to make sure it would not be assigned to someone on the long waiting list for rooms.

The new site for U. N. that seems fairly certain of approval is the abandoned plant of the Sperry Gyroscope Co. at Lake Success on Long Island. There is more than enough office space at the Sperry plant. One of the warehouses could be converted without too much difficulty into a meeting place for the council and the assembly.

The Long Island site has at least one of the disadvantages of Hunter College. It is 16 miles from the center of Manhattan, which would mean an even longer trip for the delegates from their living quarters. That is one thing they have disliked about Hunter—making the trip to the Bronx and then throughout the day being separated from their headquarters.

—GENEVA WAS PEACEFUL—

Members of some of the delegations think wistfully of the quiet and peace of Geneva in the old days of the League of Nations. Certainly, no contrast could be greater. The little city on the beautiful lake in Switzerland was sedate, unhurried. The great and the near-great who went there for the league sessions were grateful for the calm environment. There were those who believed it was too isolated in the almost pastoral setting of Geneva.

That could never be said of the temporary home that the new league has found pending the time when it will build its own home. What Wordsworth said about getting and spending and the world being too much with us never had such force as it does here today in the vast human beehive.

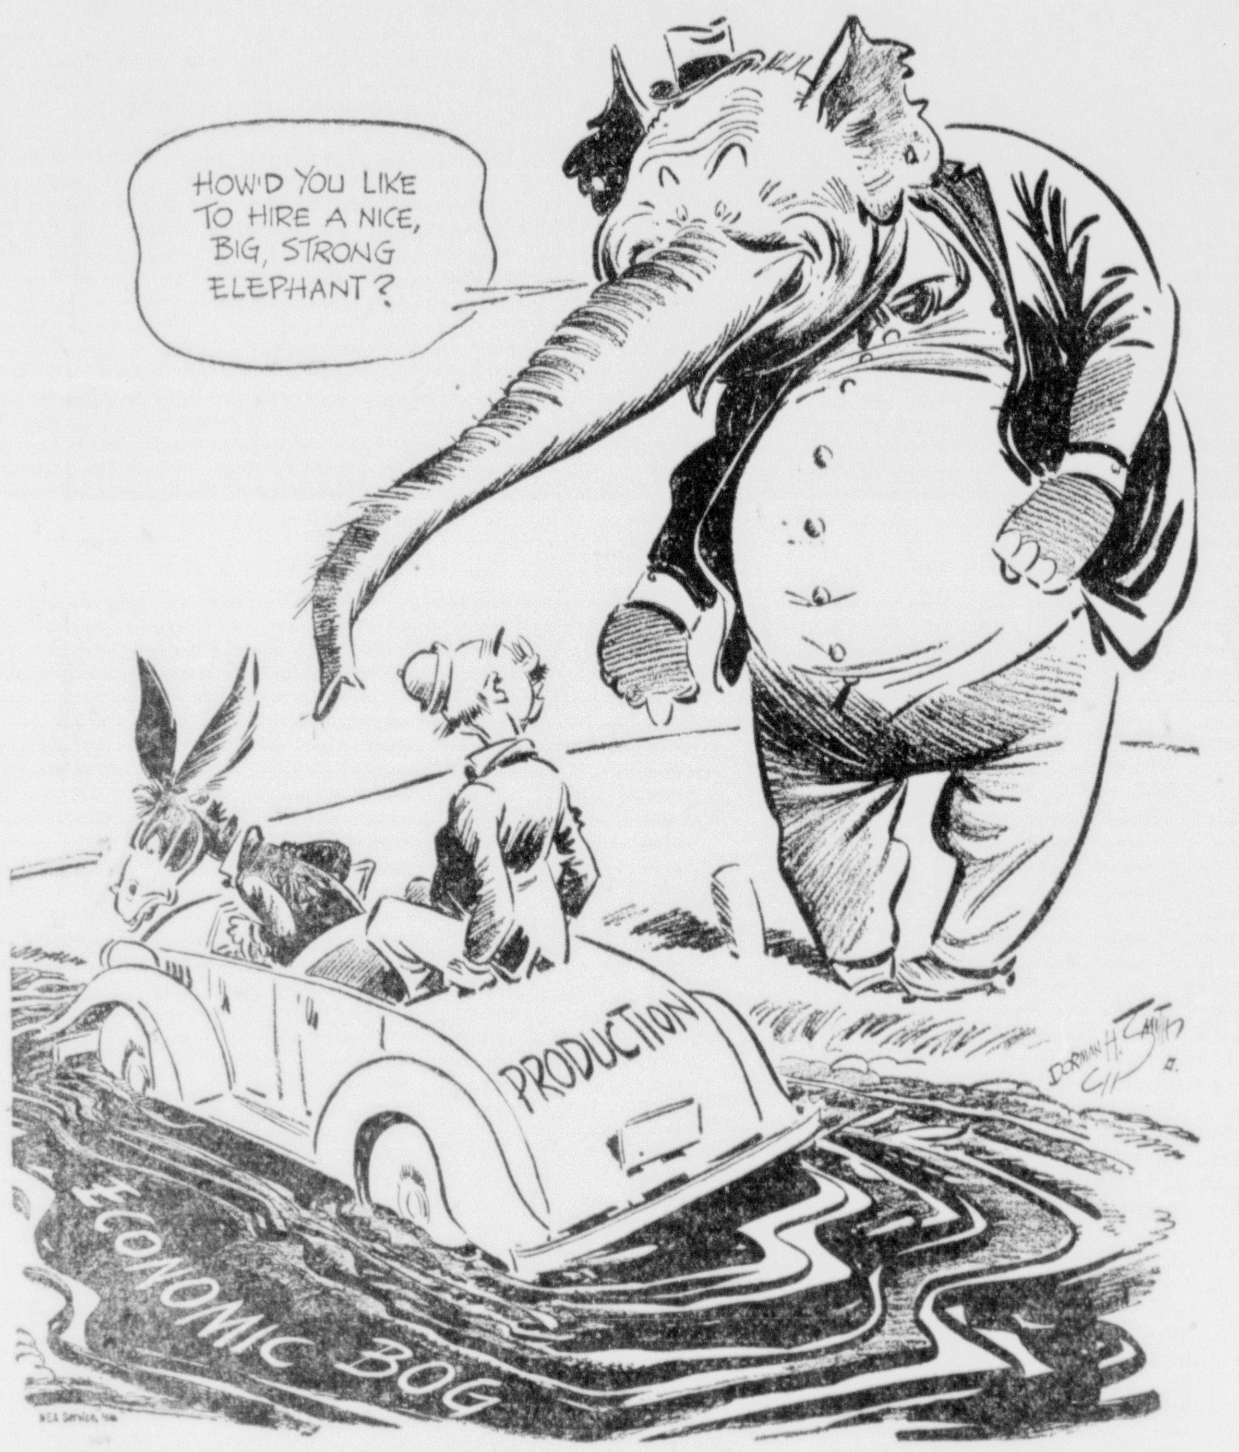
Mayor O'Dwyer recently submitted an executive budget calling for the expenditure in the fiscal year 1946-47 of $857,131,489. In 1910, the entire federal government spent only $651,000,000. That is a measure of how far centralization has gone and how extensive is the apparatus of government necessary to manage the largest city in the world.

One could wish that the welcome to U. N. had been a little more real. In New York are great theaters, great auditoriums, many-storied office buildings. Yet there is no space for U. N. except on the fringes. It sometimes seems that the city—sign and symbol of our highly centralized civilization—is indifferent to everything but its own stupendous roar.

The new organization should not be plagued with the question of a site. That is an elementary bit of housekeeping which should be settled at once. Far more pressing problems that may determine the success or failure of U. N. will soon come up for solution.

Spain, Greece, Indonesia, Egypt, these are only the beginning the least the U. N. must have is a settled place for debate and discussion.

Opportunist



Good Morning!

—By The Bugler—

HEART AND HAND—One of the most important programs for youth in Delta county—or any other county—is the 4-H Club program. The Rev. Otto Steen, pastor of the First Methodist church in Escanaba, commenting a few days ago on 4-H Club work, said: "I believe there is nothing more helpful to the community, nor more beneficial to the young people themselves."

Dunathan

The clergyman's comment was made at a Rotary Club meeting, where several boys and girls from Delta county presented a miniature 4-H "achievement day" for the entertainment of the Rotarians. The real annual Achievement Day was held last Saturday in Escanaba Senior high school gymnasium, where approximately 500 4-H Club members gathered to participate in a program marking the completion of their winter projects work.

Although there were many adults who visited the exhibits Friday, or looked in on the Saturday morning program, you may not have been one of them. So let's take a trip to the 1946 Achievement Day, have a look around, and get acquainted with Delta's county's younger generation as represented in 4-H.

* * *

DAY FOR THE GIRLS—Going through the gymnasium, now vacant at that hour of the morning except for two janitors who were sweeping the floor, we climbed the rambling stairway to the Senior high school auditorium where the 4-H program was in progress.

First person we saw was Miss Edith Johnson(someone told us later that Miss Johnson was recently married and no longer Miss Johnson) and we asked her how things were going. Miss Johnson, assistant state 4-H Club leader, who travels all over the Upper Peninsula and has probably seen more Achievement Days than most folks, still smiled an enthusiastic answer to the inane question. Everything was "going fine", she said. There were more and better exhibits than last year, 4-H enrollment was up in the county, and there were about 450 to 500 persons attending the program.

Miss Johnson's work is largely with 4-H Club girls' projects, which include food preparation, clothing, good grooming and others. The Achievement Day was a big day for the girls. It was the day they could walk across a stage, wearing costumes of their own creation, and perhaps win a place as a county honor member. There were 200 county girls in the style show, and every one deserved commendation for the work they had done in sewing the garment they modeled in the show.

* * *

THE FINE POINTS—Of course it was the older girls with a background of longer experience in sewing whose costumes appeared to have the more professional dressmaker look. Some of those frocks were exceptionally well-done, and several were original creations.

Older 4-H Club boys in the audience seemed to appreciate the style show, too. When the girls of teen-age began their parade across the stage there sounded one tentative whistle, followed by others more enthusiastic. Then the boys stopped, recognizing that this was neither the proper time nor place.

E. A. Wenner, county agricultural agent, chided the boys for the whistles after the show ended, and Orville Walker of Marquette, assistant state club leader had his explanation for it.

"They hear those whistles on the radio and at the movies. I suppose you can't blame them very much, but of course we certainly don't encourage that sort of thing," he said.

* * *

THINGS THEY MAKE — In handicraft project work the 4-H Club boys of the county have done some outstanding work this past winter. Since this column is for those who didn't see the exhibits, we'll take a quick look around.

Over here is a canvas deck chair, an excellent piece of workmanship, and inspired by a picture in a magazine. The boy who built that chair was not only a good workman, he had initiative. For there were no patterns or instructions to go by—just a picture. Another article with a professional look about it was a drum-styled ottoman, covered in artificial leather.

Over here are a matching pair of lamps, their bases made from bottles, painted a delicate pink. The shades are frilly and the whole effect is one which mother would be proud to have on her dressing table.

At random here and there: A spice cabinet, finely polished, a pair of book ends, a bread board, a pair of baby shoes (perhaps those of that boy's younger sister or brother) metalized and mountted on a piece of fine-grained wood, a bird house—and many, many other articles. Altogether there were more than 400 handicraft articles displayed.

* * *

A HEALTHY LOT—The 4-H boys and girls are a wholesome, happy bunch of young people. They have the appearance of good health, and the sparkle that comes with country living. There is no dividing line of creed or color, in their lives and work they exemplify the success of the 4-H Club creed of head, heart, hand and health.

—Clint Dunathan

INTO THE PAST

10 Years Ago—1936

Mr. and Mrs. Sterling Praiss are the parents of a son, born Friday morning at St. Francis hospital. Mrs. Praiss is the former Jeanette Kittner.

Gladstone—Bernard R. Micks, prominent local business man, has been appointed postmaster of Gladstone for a four-year term. Micks has been serving as acting postmaster for the past ten months.

Manistique — Mr. and Mrs. James Hubble are the parents of a nine pound baby boy, born Saturday, April 4, at their home on the River Road. The child was named Allan Lawrence.

Mr. and Mrs. Edward Erickson and C. W. Kates, who have been spending the winter in St. Petersburg, Fla., figured in an automobile accident near Barstow, Fla., Tuesday. None of the occupants of the Erickson car were injured, but all were badly shaken up as their car was forced into a ditch by being hit from behind.

20 Years Ago—1926

Six raids by the sheriff's department last night resulted in eight arrests and the issuing of warrants for a half dozen more alleged prohibition law violators, marked Escanaba's spring "prohibition clean-up" which opened last night with Sheriff Joseph Carney in the leading hole.

Robert Gessner, who is a student at the University of Michigan, has arrived to spend the spring vacation at the home of his parents, Mr. and Mrs. Herman Gessner.

Charles J. Groth, a resident of this city for the past 44 years, passed away at his home, 303 Second avenue south, Saturday morning at 6:45 o'clock after a paralytic stroke.

Mr. and Mrs. Sam Stephenson, 504 First avenue south, are the parents of a son, born on Friday. The child has been named Samuel M.

Q&A Service

—By WS Bureau—

What do you want to know? We will answer questions on any subject not involving extended research. Legal or medical advice cannot be given. Write your question clearly, sign your name and address, and (IMPORTANT) MAIL THIS COUPON and a 3-cent stamped, self-addressed envelope to (Escanaba Daily Press) SERVICE BUREAU, 1217 Thirteenth St., Washington 5, D. C., for a personal reply. Don't telephone: write as directed.

G. I.—VETERANS SERVICE

Q. How long after a serviceman has been discharged may he or his family use the post hospital or attending the post theater or ship at the post commissary?

A. A discharged serviceman or his family is not entitled to post hospital privileges, nor may they attend the post theater. Likewise, the dischargee and his family are not permitted to privilege of making purchases in the post commissary.

Q. I am discharged veteran and would like to return to New Zealand. Are shipping lines to New Zealand now opened?

A. No, but you might inquire of a commercial transportation company at a later date.

OF GENERAL INTEREST

Q. Would a useful perpetual motion machine be possible if friction could be eliminated?

A. If friction could be done away with, many machine would be 100 per cent efficient, that is, as much energy could be got out of them as was put in, but they would be as far from perpetual motion machines capable of doing useful work as ever. A frictionless machine, when once started, would run on forever, but inventors seeking to produce perpetual motion are not trying to invent machines which will merely keep moving. They want to make a machine which, without any supply of energy, will do useful work, such as propelling automobiles, elevators, and trains. That is impossible.

Q. How old is Gen. Douglas MacArthur?

A. Sixty-five.

Q. Are there any Negro Chapters of the American Red Cross?

A. The only Negro Chapter is located at Tuskegee Institute, Alabama. This Chapter is wholly organized to deal with Negro problems. In most large Chapters throughout the country there are Negro auxiliaries with Negro chairmen that conduct Negro programs in their sections.

GAMES

A 24-page booklet containing entertaining games for young and old, serious and fantastic games: also, a 400-word bulletin—INITIATION STUNTS—rituals, tests, and stunts, is now available. To get both copies, send this notice with 10 cents to cover postage and handling costs, and your name and address clearly written, to the (Escanaba Daily Press) WASHINGTON SERVICE BUREAU? 1217 Thirteenth St., Washington 5.

The Washington Merry-Go-Round

BY DREW PEARSON

Washington. — At a weekly cabinet luncheon recently, Secretary of Commerce Wallace proposed to President Truman and to the secretaries of war and navy that President Robert Hutchins of the University of Chicago be appointed as a civilian observer on the board to judge the atom-bomb test in mid-Pacific.

Pearson

Few people know it, but Hutchins did a great pioneering job regarding the atom bomb. Back in 1942, when the A-bomb was chiefly a gleam in scientists' eyes, President Roosevelt asked Hutchins to set up a secret laboratory to develop the bomb. Harvard and Massachusetts institute of technology already had turned down such a plan. They didn't want to stick their necks out.

Hutchins, however, took a chance. He had to stick his neck out to the extent of spending $150,000 of the university's money without telling his trustees about it. It was a strict military secret. If the plan fizzled, he would be the laughing stock of the university world. However, he put up the $150,000 and turned over laboratory space and technicians to the project. That was why the most important research was done at the University of Chicago.

When Wallace put Huchins' name up at the cabinet luncheon, however, he got a complete turndown from both Truman and Secretary of War Patterson. They didn't say much, but they vetoed the idea of Hutchins' serving on the board to judge the atom test in the Pacific.

—WALLACE AND TRUMAN—

Harry Truman and Henry Wallace continue to be close friends and see a lot of each other even though they did battle to the bitter end at the Chicago convention, and even though southern Democrats would like to tear Wallace's hair out.

The two men have frequent conferences, and Truman supports most of Wallace's plans for the commerce department.

The other day, friends were joking with Wallace about his contact with Truman, and asked him how much backing he really got from the White House. Wallace replied that he got excellent cooperation.

"Well, how many men does he appoint that you recommend for jobs?" asked a friend.

The Secretary of Commerce thought a minute, then admitted: "Not very many."

—TOYKO MERRY-GO-ROUND—

Startling facts and figures about conquered Japan have just reached Washington via the American advisory committee on Jap education . . . after a careful tour of Japan, this committee of top-notch educators came to some surprising conclusions . . . American G. I.'s have made a terrific impact on the Jap people. Both the G. I.'s and the Japs like each other enormously . . . the propaganda about all Americans being "devils" backfired. So did the stories about all Nipponese being heathens . . . G. I.'s have changed the lord-and-master relationship between Jap men and women. G. I.'s Yank men out of their seats in street cars, force them to give seats to the women . . . the women have begun organizing parents' groups, are now taking the same role in Jap society women occupy here. This in itself is revolutionary.

There are now some 70 political parties in Japan . . . labor union organization is going full blast. However, Jap union leaders have a unique concept of striking. When they go on strike, labor takes over the industry and keeps it running, but refuses to receive orders from the owners. They try to run the plant more efficiently. This happened in recent strikes in newspapers, railroads and the motion picture industry . . . Jap union leaders say they stay on the job because they need the money, also that it's in the workers' interests to produce. The profits are placed in escrow for the employers . . . . the Japs have big, but not experienced, unions. Like ouselves, the Japs are great joiners and unionization has swept the country.

McArthur faces his next big crisis in about 60 days, when the rice runs out and Japan's diet will get its sharpest cut . . . McArthur has done a bang-up job, knows that unless the USA fills the intellectual vacuum in Japanese society with a strong dose of American democracy, Russia will fill it with her own brand of government . . . he predicts (and does not oppose) a labor-socialist government for Japan in the next five years . . . American big business interests in Japan are also plumping for a high-wage economy. They figure that if Japanese workers are well paid, they will not provide cheap labor competition for the U. S. in future years . . . MacArthur has guaranteed Jap Communists complete freedom of speech and assembly, even sends police to protect Communist rallies, feels that it stimulates thinking and demorcracy . . . the Communists are now soft-peddalling their anti-emperor propaganda, recognizing that the emperor is a symbol holding Japan together . . . Japan's Zaibatsu (big business war-makers) have not been destroyed. They have only been dispersed, much in the way American cartels were somewhat decentralized by Thurman Arnold under the anti-trust act.

Ten pairs of stockings is the most each woman in the U. S. can expect this year, says Uncle Sam. That's a lot of lines to stand in.

An educator says twelve is about the age when a girl stops making faces at boys. And starts making eyes!

The divorce rate is heading for a new high. Too many women are becoming wealthy by decrees

APRIL IS 'ANTI' CANCER MONTH

Disease Is Curable In Early Stages, Says Health Dep't

"Early cancer is curable" is the theme being stressed in the national observance of April as Cancer Control month.

Cancer, second leading cause of death in Michigan, killed 7,152 persons in 1945, according to Dr. Frank L. Rector, cancer consultant of the Michigan Department of Health. Dr. Rector states that the majority of these lives could probably have been saved by early diagnosis and treatment.

"It is tragic that cancer is so often allowed to reach an incurable stage before the patient goes to a physician," Dr. Rector said. He believes this negligence results from the fear which people have of cancer and can be overcome by teaching the facts about the disease.

Early signs of cancer which should warn the patients to see a physician at once are:

1. A painless, persistent lump in any part of the body, particularly in breast tissue.
2. A sore that does not heal, especially about the face, mouth or lips.
3. An unnatural, bloodstained discharge from a natural body opening.
4. Persistent indigestion, often accompanied by loss of weight and change in appetite—especially after middle age.
5. Sudden change in size, shape, or color of moles and warts.
6. Gradual but marked changes in bowel habits.
7. Hoarseness of two weeks' duration in the absence of a known cause.

A regular check up by a competent physician is the best means of finding cancer in the early, curable stage, Dr. Rector said. Modern medical science knows only three ways to treat cancer: surgery, x-ray and radium.

Pit vipers, including rattlesnakes, can detect their warm-blooded prey in the dark by means of an extra sense that perceives heat.

The plans for the U. S. Capitol were submitted in 1793 by William Thornton, a physician of Tortola, West Indies.

U.P. Industrial Group To Meet At Houghton

Dr. Grover C. Dillman, president of the Michigan College of Mining and Technology, has called a meeting of the Upper Peninsula Technical and Industrial Advisory Committee, which will be conducted in the college at Houghton on Monday afternoon and evening, April 22.

Members of the committee will meet with Auditor General John D. Morrison and Don C. Weeks, director of the Michigan Planning Commission, for the purpose of reviewing plans and recommendations toward taking definite steps which will result in public and private projects needed to afford employment opportunities.

The committee, organized in the fall of 1944 as a part of the state planning commission, consists of Dillman, George E. Bishop, secretary-manager of the Upper Peninsula Development Bureau, Marquette; U. F. Asselin, of Asselin Brothers Creamery, Norway; W. S. Bromley, forester of Negaunee; A. H. Burrows, professor of economics and sociology, Northern Michigan College of Education, Marquette; John M. Bush, manager, land department, Cleveland-Cliffs Iron Co., Negaunee; A. J. Cayia, superintendent Inland Lime and Stone Co., Manistique; H. L. Coles, head of chemical engineering department, Michigan Tech; George Craig, research director, Calumet and Hecla Consolidated Copper Co., Calumet; S. T. Dana, dean of School of Forestry, University of Michigan; G. Harold Earle, president, Wisconsin Land and Lumber Co., Hermansville; C. T. Eddy, head of metallurgical engineering department, Michigan Tech; F. A. Flodin, president, Lake Shore Engineering Co., Iron Mountain; R. W. Jenner, manager, Cliffs Dow Chemical Co., Marquette; Roy A. Jensen, commercial fisherman, Escanaba; N. H. Manderfield, head of mineral dressing department, Michigan Tech; J. R. Merrifield, secretary, Chamber of Commerce, Sault Ste. Marie; Gervase T. Murphy, president, Keweenaw Transit Co., Calumet; M. E. Noecker, water resources division, U. S. Geological Survey, Houghton; Max W. Nunemaker, president, Munising Wood Products Co., Marquette; F. G. Pardee, state mines appraiser, Lansing; Ernest L. Pearce, vice-president, Union National Bank, Marquette; Thomas Ristell, commercial fisherman, Houghton; R. R. Seeber, head of mechanical engineering department, Michigan Tech; William Sellman, commercial fisherman, Manistique; A. K. Snelgrove, head of geological engineering department, Michigan Tech; Victor Soderman, farmer, Crystal Falls; George Wallner, Michigan Machine Co., Iron Mountain; J. G. Wells, Jr., assistant state county agent leader, Chatham.

Marquette Hospital Engages Glickman

Marquette.—St. Mary's hospital announced yesterday the addition to its staff, on a one day a week basis, of Dr. L. Grant Glickman, Marinette, Wis., who also is associated with hospitals in Escanaba, Menominee and Marinette.

Dr. Glickman, a certified roentgenologist, will perform fluoroscopic readings and interpret all radiographs taken of St. Mary's patients. He will spend each Tuesday at the hospital.

The other member of the X-ray staff is Clifton A. Jandron, Marquette, an X-ray technician.

Try a For Rent Ad today.

Rapid River

Services at Alton

Rapid River, Mich.—On April 14, Palm Sunday services will be conducted by Rev. Emory Pokrant, pastor of Calvary Lutheran church, at the Alton Grange hall at two o'clock, for members of Alton, Ensign, Ogontz and Rapid River. Pot luck lunch will be served after the services. The public is invited.

Lutheran Service Guild

The Service Guild of Calvary Lutheran church will hold a meeting on Wednesday evening in the church room. Mrs. Randolph Christiansen and Miss Alice Holmgren are the hostesses.

Birthday Party

Joseph Tienert of Ensign observed his 77th birthday anniversary on Friday, April 5. A party, held at his home in the evening, was arranged by his children who were here from Detroit for the occasion. A delightful supper was served, and the guest spent an enjoyable evening. Attending were Mr. and Mrs. Meddie Barbeau, Mrs. Henning Lindberg and son, Mrs. Melvin Cardinal and two sons, Mr. and Mrs. William Borlen, all of Detroit; Mr. and Mrs. Andrew Barbeau of Ensign, Mrs. Jennie Duranceau, Dale Tienert and Marie Murray of Masonville.

Briefs

Mr. and Mrs. Lloyd Belland, who recently left here for Knoxville, Tenn., where Mr. Belland expected to be located, have gone to Denver, Colo., where he has accepted a position with the Veterans' Administration, division of U. S. Engineers.

Mr. and Mrs. Robert Hocks of Thief River Falls, Minn., returned to their home Monday morning after spending the weekend here with relatives.

Mrs. William Belland entertained the Thursday Bridge Club at her home last week. Mrs. Ted Ewald had high score, and Mrs. Ed Lind was second.

T/4 Carl Elmer Sjostrom, who has been in Europe for the past two years, arrived home Thursday. He left from Munich, Germany, and landed in New York on March 29. He received his discharge at Camp Atterbury, Ind., on April 2, and has joined his wife and daughter at Rapid River.

Mr. and Mrs. William Belland returned Sunday from Florence, Wis., where they spent the weekend with Mrs. Belland's mother, who is ill.

Miss Eleanor Ropelle, former teacher at Rapid River high school, visited at the William Belland home on Sunday evening, enroute to Eaton Rapids, where she is now teaching. She spent spring vacation at her home in Norway.

Mr. and Mrs. Meddie Barbeau Mr. and Mrs. William Borlen, Mrs. Henning Lindberg and son, Darl, Mrs. Melvin Cardinal and two sons, Layne and Dawyne, of Detroit, returned to their homes Sunday after a five-day visit with relatives in Ensign, Rapid River and Masonville.

MORE EGGS IN 15 DAYS or MONEY BACK
• Makes Feed More Complete
• Tones Up Run Down Hens
• Contains "TRACE ELEMENTS"

• We guarantee this famous, old reliable PRATTS POULTRY REGULATOR to start more eggs coming in 15 days, . . . or money back, . . . because it contains rare essential minerals and "TRACE ELEMENTS" feeds may lack. It also tones up lagging, run-down birds. Result: Heavier flock production!

Mrs. L. E. Erickson Is President Of Franklin P.T.A.

Mrs. Lawrence Erickson was elected president of the Franklin Parent-Teacher Association at a meeting held at the school on Tuesday evening.

Other officers for the coming year are: Mrs. John Fawcett, first vice-president; Mrs. Ray Knudsen, second vice-president; Mrs. Carl Bennett, secretary; Mrs. M. D. Jackson, treasurer; Mrs. George Peterson and Mrs. Clyde Bowles, delegates; Mrs. John Haring and Mrs. S. W. Anderson, alternates. The new officers will be installed at the next meeting on May 14.

Orchestra Plays

Highlight of the program was the combined grade school orchestra, under the direction of Frank Karas. The orchestra played four selections: "America"; a waltz, "Cello"; "Indian Tale," and "Send Out Thy Light."

Mr. Karas discussed the orchestra work in the grade schools. He considers most children to be good prospects if they are in the third grade or above. "We should not expect each child to become a great player, for, of course, we are not all musically gifted," said Mr. Karas. "However, we should encourage them to study music, so that they may have a hobby."

S. N. Bradford, Scout executive, spoke on the need for a Cub Scout program in the Franklin school, where there are 30 boys desirous of becoming Cubs. The Cub Pack lost its charter in December of last year when it lost its Cubmaster. It was decided at the business meeting to again sponsor a Cub Pack. Stack Smith is the present Cub chairman.

A strip film projector demonstration was given at the meeting, which enabled parents to see the type of machine recently purchased for the school.

Plans were discussed for attending the state P. T. A. convention, to be held in Sault Ste. Marie on May 7, 8 and 9. If enough members from Escanaba P. T. A. units plan to attend, a bus will be chartered to take members to the Soo. Any parent from the Franklin unit who is interested in attending is asked to call Mrs. Henry Peterson.

Following the business meeting, lunch was served. Miss Barth's fifth grade won the room award.

Social - Club

B. of R. T. Auxiliary

The Ladies' Auxiliary to the Brotherhood of Railroad Trainmen will meet today at 2:30 p. m. at Grenier's hall. All members are invited.

W. C. T. U. Meeting

The April meeting of the W. C. T. U. was held yesterday afternoon at the Presbyterian church, with members from Escanaba and the newly formed Union from Gladstone attending.

Mrs. Lambert Peterson presided at the meeting. Devotions were led by Mrs. Carl Larson, and the pledge to the flags was given by Mrs. Simon Rinkenberger. Mrs. Chester Anderson was elected as the new corresponding secretary.

Following the business meeting, a program was presented, with the Rev. Karl J. Hammar as the guest speaker. Numbers included in the program were: duets, Anna Carlson and Erma Tjepkema of Gladstone; a reading, "The Iron Gate," by the Rev. John Anderson; piano solo, Mrs. John Anderson. Refreshments were served after the meeting.

Just off the press! The new SPRING AND SUMMER issue of FASHION. Colorful, smart—and a FREE PATTERN printed in the book. 15 cents.

Good Posture Can Lessen Backache

BY ALICIA HART
NEA Staff Writer

Here's a list of backsavers to cut out and tack up as reminders, if you tug and pull at furniture, left laundry or carry garden tools from one row to another.

1. When you bend, bend at the knees and shift strain to the leg muscles. Legs are better able to take it than your back.

2. Want to give an object a lift? Don't, if it weighs more than 25 per cent of your weight. If it's less, the back-saving trick is to stand near the object with feet spaced twelve inches apart. Lowering hands in a position for hoisting, pull the object up by straightening your knees as you come up to an erect position.

3. Something to carry? Carrying it on one shoulder will lessen effort and ease strain.

4. Standing up to a job? Space feet five inches apart, straighten toes, and plant weight on the outside of your feet.

Births

A son was born to Mr. and Mrs. Robert E. Valentine, of Kansas City, Mo., on April 9 in Kansas City. It is the first child in the family and is the grandchild of Mrs. Henry Valentine, 1408 Second avenue south.

Red Cross Receives Ash Trays Made By Junior High Boys

Ash trays made by Escanaba junior high school boys for the Junior Red Cross were much appreciated, according to the following letter from the Regional Director at St. Louis, Mo., written to Mrs. John Luecke, chairman of the Delta chapter of Junior Red Cross.

"We are writing this note to let you know that the good-looking metal ash trays received * * were shipped to the Brooke General Hospital Center, Texas, and to Lambert Air Field, Mo.

"We never seem to have enough metal ash trays to fill recurring requests for them, and therefore those made by the Junior high boys, under the supervision of Mr. Nicholas, were most welcome."

Church Events

Bethany Ladies' Aid

The Ladies' Aid Society of the Bethany Evangelical Lutheran church will meet this evening at 8:15 o'clock following the Lenten service, in the church parlors, corner of Eleventh street and First avenue south. The host and hostesses for the meeting are Mrs. John Carlson, Mrs. Ed Johnson, Mrs. Al Heidenreich, Miss Lydia Olson and Peter Olson. Members and friends are cordially invited.

* * *

Immanuel Ladies' Aid

The Immanuel Ladies' Aid will meet this afternoon at 2:30 o'clock in the church parlors. The program topic is: "My Church—Its Prayer Life." Hostesses will be Mrs. Einar Stendahl, Mrs. Adolph Moe and Mrs. Ole Anderson. Members and friends are invited.

* * *

Immanuel Lenten Service

Lenten services will be held at the Immanuel Lutheran church tonight at 7:30 o'clock. Rev. L. R. Lund will speak on the topic: "The Crucified King." The men's chorus will sing "In the Garden Dim," and Miss Betty Erickson will sing a solo.

* * *

Church Council Meets

The Church Council of Immanuel Lutheran church will meet tonight at seven o'clock sharp. All members should be present.

* * *

Immanuel Junior Choir

All members of the junior choir of Immanuel Lutheran church will meet this afternoon at 4:15 o'clock at the church.

Fayette

Birthday Party

Fayette, Mich. — Marvin and Marlene Watchorn entertained a group of school pals at supper Wednesday, April 3rd to celebrate their ninth birthday anniversary. After enjoying the delicious meal which included a pretty cake, games were played. The twins received many gifts.

Briefs

Mr. and Mrs. Leslie Devet, Mr. and Mrs. Myron Devet and two daughters visited relatives in Gladstone Sunday.

Mr. and Mrs. Norval Farley, of Garden, Mrs. Calvin Richard and daughter, Cheryl of Tecumseh were guests of Mr. and Mrs. Henry Jacobsen of Fairport Saturday evening.

Mrs. Jack La Salle, daughter, Nancy and Loyette Smith motored to Escanaba Sunday. They were accompanied by Helen Berg and Joan Farley of Garden.

Mail is now distributed by the rural carrier as far as last house in Fairport.

Mr. and Mrs. Hector Peterson and son of Detroit, are visiting at the Ben Johnson home.

Miss Joyce Smith has visited at the home of her parents, Mr. and Mrs. William Smith for a few days and left Wednesday for Milwaukee where she will be employed.

Mr. and Mrs. C. Abernathy of Cheboygan and Mrs. Guy Yester of Flint are visiting at the home of Mr. and Mrs. Colin Greene.

Jefferson PTA Elects Officers, Honors Scouts

Mrs. Arnold Johnson was elected president of the Jefferson school Parent-Teacher Association at a meeting held at the school on Tuesday afternoon.

Other new officers are: Mrs. Glen Brew, first vice-president; Mrs. John VandeWiele, second vice-president; Mrs. Harold Peterson, third vice-president; Mrs. Anton Holmes, secretary; Mrs. Tom Judson, Jr., treasurer; Mrs. Harry Needham, historian. Delegates to the council are: Mrs. Byron Braamse and Mrs. Roy Olson. Alternates are Mrs. Edward Stratton and Mrs. Herbert Barry.

Opening the program, which was presented before the meeting, the Jefferson Cub Scouts, directed by Howard Dufour, Cubmaster, recited the Pledge of Allegiance.

Scouts Honored

Awards of merit were given to the following Cub Scouts: Dick Wellman, Donald Guimond, Richard Moreau, Freddy Paulson, Richard Carlson, Jimmy Peterson, Paul LaPorte, Conrad Desilets, Edward Bussineau, Ronald Bussineau, Wayne McMartin and John Blomstrom.

Clarence Zerbel, Scoutmaster, presided at Cub graduation ceremonies, and welcomed the following Cubs into Scouting: John Callouette, Dick Wellman, Warren Johnston, Albert Villemure, Conrad Desilets and Donald Guimond.

Prizes for handicraft were awarded to James Peterson, Jim Finn, Wayne McMartin and Conrad Desilets.

A group of Brownie Girl Scouts, directed by Mrs. Francis Boyce, gave a salute, and sang the Brownie "Smile Song." They also gave a demonstration of folk dancing.

Blue Bird Camp Fire Girls, under the supervision of Miss Betty Boyles, presented a playlet: "The Useful Scarecrow." Members of the cast were: Carol Hart, first crow; Dorothy DeGrand, second crow; Joan Nelson, third crow; Mary Lou Anderson, scarecrow; Doreen Fitzpatrick, little girl; Jeanette Johnston, Farmer Brown. Following the playlet, the girls sang the Bluebird Song.

Camp Fire Girls Kokohanna Group Elects Officers

Kokohanna Camp Fire Girls elected new officers at a meeting held recently. The new president is Catherine Loeffler. Shirley Sauers is vice-president; Marilyn Bergeon, secretary; Doreen Walker, treasurer; and Merceda Murphy, scribe.

Retiring officers are Sally Lynn Johnson, president; Mary Jean Bink, treasurer; and Mary Sue Fleming, scribe.

Members of the group enjoyed their first spring outing on Saturday, when they took a bicycle hike to Pioneer Trail park and cooked their lunch. The group, who are all seventh grade students at St. Joseph school, were accompanied by Miss Doris Costley.

The leek is a member of the onion family and the blanched stalks are the edible part of the plant. This vegetable is especially good in soups, stews and salads. The stems also may be cooked and served in the same manner as asparagus.

Personal News

Mrs. Frank Gayan, 910 Second Avenue south, has returned from San Diego, Calif., where she spent several weeks visiting with relatives and friends.

Mrs. Elizabeth Erickson, Michigan grand guardian of the International Order of Job's Daughters, has returned from Iron River, where she paid an official visit to the Job's Daughters Bethel and attended a dinner on Tuesday night. She was accompanied by Edward F. Erickson, and the following Job's Daughters from Escanaba: Joyce Johnson, Elizabeth Kasson, June Peterson and Marilyn Nicholson.

Mrs. Clarence Moreau of Chicago is visiting at the home of Mr. and Mrs. Ernest Petersen, South Tenth street.

Col. John M. Bartella, U. S. Army Air Corps, has arrived from San Antonio, Texas, to spend a week at the home of his parents, Mr. and Mrs. John J. Bartella, 516 South Ninth street. Col. Bartella, who has been hospitalized and on temporary duty in San Antonio since his return from overseas a few months ago, will be assigned to permanent duty upon his return. His wife and two sons are residing in San Antonio.

Mrs. Henry Marenger, R.N., of the University Hospital at Ann Arbor, arrived Wednesday to care for Mrs. Peter Sovey, who suffered a stroke at the home of her daughter, Mrs. Eugene Marenger of Perkins.

Cpl. Robert Bohm, U. S. Marine Corps, has arrived home on a 30-day leave to visit at the home of his father, August Bohm, 215 South 15th street.

Marvin Johnson and John Stratton have returned from Green Bay, where they spent a few days on business.

Arne Nelson of Ishpeming and Carl E. Engstrom of Detroit, who attended the funeral of their aunt, Mrs. John H. Bergland here last week, have returned to their homes.

Sgt. Ronald Bennett, son of Mrs. Edna Bennett, 1010 Ninth avenue south, arrived this week from Camp McCoy, Wis., where he was recently discharged after 32 months of service, most of which he spent overseas in Italy.

Russell Lee, a student at Michigan College of Mining and Technology, Houghton, has been called here by the illness of his father, Juel Lee.

Regina Manning, a student at the University of Michigan, Ann Arbor, is visiting at the home of her parents, Mr. and Mrs. John Manning, 810 First avenue south.

Mrs. Helen Richards, 327 South 16th street, left Wednesday for Lansing, where she will spend several days visiting with friends.

Miss Phyllis Elliott, 1109 Lake Shore Drive, has returned from Menominee where she consulted an eye specialist.

Mrs. Edna Hermes of Milwaukee is arriving today for a visit at the home of her mother, Mrs. Frank Post, 329 North 16th street, and other relatives and friends.

Bill Baum, son of Mr. and Mrs. Abe Baum, 408 South 11th street, is arriving tomorrow night from East Lansing, where he is a student at Michigan State College, to spend the weekend here.

Torp. 3/c Edward DeGrand, son of Mr. and Mrs. John E. DeGrand, 1927 Seventh avenue south, arrived Tuesday night from Great Lakes with his discharge. He has been in the service for two and one-half years and has served in the Atlantic and Pacific waters for 20 months.

Cpl. Raymond K. Bennett, son of Mrs. Edna Bennett, has received his discharge at Camp McCoy, Wis., and is residing with his wife at 111 North 11th street. He has been in the service for three years.

Presbyterians To Meet This Evening

The annual meeting of the corporation and congregation of the First Presbyterian church will be held at the church at 7:30 o'clock this evening.

Election of officers will be held and other business matters transacted. Refreshments will be served. All church members are urged to attend.

NAPOLEON VIAU FOUND GUILTY

Jury In Circuit Court Upholds Verdict In Game Violation

Napoleon Viau of Rapid River yesterday was found guilty by a circuit court jury of using an artificial light in hunting deer, a verdict which upheld the finding of a Gladstone justice court jury last fall. The circuit court jury yesterday deliberated about one-half hour before reaching a decision.

Viau appealed from a jury conviction in justice court and a sentence to pay a fine of $50 and costs.

Yesterday's guilty verdict in circuit court may also decide the case against Carl Nyberg of Stonington, who is charged by the state with a similar violation of the game laws. Nyberg also appealed from a conviction in justice court, but his case may not come to trial because of the decision in the Viau case yesterday.

Conservation Officer Allen Tweedy of Rapid River testified that he pursued Viau and Nyberg in his car in a fast chase that led from Stonington to north of Nahma. The arrest was made the night of Oct. 2, 1945, at St. Jacques.

Officer Tweedy recovered a rifle and a portable spotlight which had been discarded north of Nahma. Both Viau and Nyberg yesterday in testifying denied ownership of the rifle and light. They also denied they had been hunting, and claimed they were in Manistique the night of Oct. 2.

The state based its case largely on Officer Tweedy's testimony that he obtained the license number of the car, and that car and boot tracks found at the place where the rifle and light were discarded were similar to the tracks made by the car, and the boots of one of the men.

The jury hearing the case was composed of Margaret Winling, Louise Raymond, Louis J. Pintal, J. P. Carlson, Mrs. Raymond Norden, Robert C. Larson, Mrs. Anna Harrod, Mrs. Frances Johnston, Louis Farley, Albert H. Giroux, Ernest Carlson and E. G. Harkins.

Judge Frank A. Bell instructed Viau to be in court at 9 a. m. today for sentencing.

Darn small holes or breaks in underwear. If not caught promptly, small holes in underwear soon stretch to large ones or even ravel, and then may need patching.

City's Department Heads Take Courses In Administration

City Manager Art Aronson and six municipal department heads will shortly begin special correspondence study courses in various phases of city administration. The courses are offered by the International City Managers' Association in Chicago and cover almost every conceivable aspect of modern administrative problems.

After the completion of each chapter in the text books, the students are tested with questions which must be answered only in their specific relationship to local problems.

Each course will be completed within a year.

The city manager, Loren Jenkins, city engineer, and Leonard Ward, steam plant superintendent, are taking "The Technique of Municipal Administration;" Robert Clayton, city forester, "Local Planting Administration;" George Grenholm, city recreation director, "Municipal Recreational Administration;" Police Chief Michael Ettenhofer, "Municipal Police Administration" and Hugo Lillquist, superintendent of the city electric department, "Municipal Personnel Administration."

Upon satisfactory completion of a course, the student may receive credit toward a college degree if he wishes, as the courses are all prepared by recognized authorities in their particular fields and have the approval of most American colleges and universities.

Obituary

PATRICK H. LYONS

The body of Patrick H. Lyons will lie in state beginning this afternoon at the Allo funeral home.

Funeral services will be conducted Friday morning at 9:15 o'clock at St. Patrick's church with Rev. Fr. M. B. Melican officiating. Military rites will be conducted by members of the Cloverland Post, American Legion. Burial will be made in the American Legion lot of St. Ann cemetery.

ABRAHAM GRANHOLM

The body of Abraham Granholm will be in state at the Anderson funeral home this morning. Funeral services will be held on Friday afternoon at two o'clock at the funeral home, with Rev. Gustav Lund of Bethany Lutheran church officiating. Burial will be in the family lot in Lakeview cemetery.

"Rented the first day" said Smith

ONE JURY CASE LEFT FOR TRIAL

Gerald Madden Game Violation Case Is Scheduled Today

The last jury case for the April term of Delta county circuit court is scheduled to get under way today, Judge Frank A. Bell announced yesterday afternoon in excusing all jurymen except those drawn to hear the case of Gerald Madden, Gladstone, charged with game law violation.

The Madden case is an appeal from a justice court conviction where he was found guilty of using an artificial light in an attempt to kill deer the night of Oct. 21, 1945, in Ensign township.

Composing the jury which will hear the case are Edward LaMotte Sr., Clyde T. Tobin, J. F. Pryal, Margaret Hillewaert, Shirley Davis, Frank Romain, Jovite Robert, Mrs. Alma DeVet, Conrad P. Lemmer, Frank Brander, Archie Potvin and Tom Rice. Three jurors previously drawn were challenged by defense counsel and excused.

Only one other jury trial was scheduled, the case of Charles Johnston of Escanaba, charged with violation of the liquor law. Johnston was arrested last winter following a raid on the Chuckle Club, where officers said they confiscated 12 bottles of liquor. Johnston has no license for the sale of liquor, his license having been suspended by the state about one year ago.

Since the Johnston case is not to come to jury trial, it appeared that representations had been made to Judge Bell and that the case would be disposed of without trial.

Yesterday Judge Bell received guilty pleas from Donald Mackie of Kipling and Robert Willis of Gladstone, charged with breaking and entering the Strand store at Kipling, and unlawfully driving away an automobile. Both are 16 years of age, and are being tried in circuit court after jurisdiction was waived in juvenile court. They will be sentenced later in the term.

City-Wide Alley Clean-Up May Begin Here Next Monday

Public works department crews completed the first city-wide garbage collection last Saturday and are at work this week on the second round, Joe Holmes, department chief, reported yesterday. Regular weekly collections will begin soon, possibly next week.

The annual spring alley clearance, when all ashes and rubbish will be collected, will probably begin next Monday but the recent cold weather has kept ash piles frozen and the work may be delayed.

Although crews began garbage collections a week earlier than usual this year, due to the unprecedented warm weather in March, the pick-ups were so heavy that the initial collection took much longer than usual. In one factory area, Holmes said, 16 truckloads of garbage were picked up where normally one was found.

"Rented the first day" said Smith.

Only Fine Quality Gives Fine Flavor

Try ALL-BRAN Apple Spice Muffins!

(No sugar, no shortening, but lots of praise!)

It's hard to believe such luscious muffins are sugarless and shortening-less—but they are! They owe their wonderful *flavor* to a combination of ginger, cinnamon, molasses and the tasty, nut-sweet goodness of Kellogg's ALL-BRAN. And they owe their tender *texture* to the fact that ALL-BRAN is milled extra-fine for golden softness.

2 cups Kellogg's ALL-BRAN
½ cup molasses
1½ cups milk
1 egg, beaten
1 cup sifted flour
1 teaspoon soda
½ teaspoon salt
1½ teaspoons cinnamon
¾ teaspoon ginger
15 slices raw apple or other fruit
cinnamon-and-sugar mixture

Add ALL-BRAN to molasses and milk and allow to soak for 15 minutes. Add egg. Sift flour, soda, salt and spices together and combine with ALL-BRAN mixture. Fill greased muffin pans two-thirds full. Dip apple slices in cinnamon-sugar mixture and place on top. Bake in moderately hot oven (400°F.) about 20 minutes. Makes 15 muffins.

Good Nutrition, too!

ALL-BRAN is made from the VITAL OUTER LAYERS of finest wheat—contains a *concentration* of the protective food elements found in the whole grain. One-half cup provides over ⅓ your daily minimum need for iron. Serve Kellogg's ALL-BRAN daily!

NEW PASTOR AT ZION LUTHERAN

Rev. Herbert Will Be Installed Friday Evening

The Rev. Gustav A. Herbert of Waukegan, Ill., will arrive in Manistique today to assume his new duties as pastor of the Zion Lutheran church of Manistique and the Bethany Lutheran church of Isabella.

His formal installation as pastor of the two charges will take place Friday evening at the local church with conference pastors from this area present to assist in the ceremonies.

The Rev. William Siegal, of Iron Mountain, president of the Superior Conference, will conduct the installation and deliver the main address of the evening. Members of the Manistique Ministerial Association have been invited to be present and the Rev. William Harvey, president of the association, will extend greetings on behalf of his associates.

Rev. Herbert comes to Manistique after concluding three years of service at the Great Lakes Lutheran Service center, located at Waukegan. In this capacity he also was chaplain at the base hospital at the Great Lakes Naval Station.

The new pastor was ordained at Minneapolis on June 9, 1918, following the completion of his training at the theological seminary of the Augustana Synod at Rock Island, Ill. After serving several years on the west coast, he accepted a call at Milwaukee, Wis., where he served until assigned to the chaplain service.

Rev. Herbert was born in Iron Mountain and spent his youth in that vicinity.

The church pastorate has been undergoing extensive redecorating and will shortly be in readiness for the pastor's family. They are expected to arrive about June 1.

Orpheus Chorus Gave Impressive Concert Tuesday

Music, the kind people understand and love, superbly presented, provided delightful entertainment for the more than two hundred people who attended the concert presented by the Orpheus Choral Club of Escanaba at the Manistique high school auditorium Tuesday evening.

The program was divided into sections, the first part of which was devoted to music of a religious nature. This was followed by singing by the women of the chorus, then by the men's group, and finally, again by the mixed chorus. Part of the singing was a cappella and the rest with accompaniment.

Particularly impressive was the organlike quality of the singing during the a cappella numbers.

Trombone solos, presented by A. L. Shomento, were also highly favored by the audience.

R. Paul Bowers, former head of the music department of Escanaba schools, directed the chorus. Miss Antoinette Giansanti was accompanist.

Receipts of the entertainment were shared equally by the chorus and the Manistique Women's club which sponsored the entertainment. The latter will donate their share of the net receipts to some worthy charity.

SCHOOLS SEEK SPEECH HONORS

District Contest To Be Held Here Friday Evening

A district speech contest in which students of Manistique and Gladstone high schools will participate, will be held at the Manistique high school auditorium on Friday evening.

The students who will participate have already won out in elimination contests in their schools and the winners in Friday evening's events will be eligible to compete further in a regional contest to be held in the near future.

The rules of the contest forbid the identification of the participants according to their school and the contestants are listed here in the order of their appearance at the contest.

Extemporaneous Speaking—
George Babladelis.
Tom Quarnstrom.
Jack Rozich.

Oratory—
Audrey Buchmiller, "Uno and You."
Nancy Cookson, "William Power & Son."
Arlene Curley, "World Peace and World Government."

Oratorical Declamations—
Pat Bolger, "Before You Strike" by Kenneth Walsh.
Marilyn Bredahl, "Palace of Peace" by Lt. Newton L. Margalies.
Dan Giovannini, "Lest We Forget" by Earl R. Dickover.
Ruth Martinson, "The Lost Chord" by Harry V. Dougherty.

Dramatic Declamations—
Marilyn Bergman, "Illusion" by A. Strickland.
Janet Hughes, "In Rebecca's Room" by DeMaurer.
Charles Malloch, "Murder of Ledice" by Edna St. Vincent Malay.
Patricia Willette, "Yellow Wall Paper" by C. Gillman.

There will be a dinner for the contestants and their coaches at 5:30 Friday.

The public is not only invited but urged to attend the contest which begins at 7:30 o'clock. There will be no admission charge.

Bowling Notes

AT MUNISING

Martin Insurance bowling team will participate in the Munising tournament this evening at 7 o'clock.

The Manistique Tool team will bowl at Munising Saturday evening at 7 o'clock.

Friday evening at 7 o'clock, the Browns and Yankees will bowl.

Friday evening at 9, the following teams will participate: R. Prine-M. Nelson, D. Jenkins-W. Corson, I. McLaughlin-J. Doe.

CARD OF THANKS

I wish to thank all my friends for the wonderful cards, letters and gifts I received while I was in St. Francis hospital in Escanaba. I have been dismissed to my home on Chippewa avenue. Your kindness will always be held in grateful remembrance.

Signed:
Mrs. John Borko

NOTICE
The Manistique Roller Rink will reopen tonight.
The rink will be open every Thursday and Saturday nights.

WAGES HIKED AT DIMENSION

New Contract Granted Plant Workers Local

A ten cent hourly wage increase and additional benefits were embodied in a new contract signed Tuesday between the Michigan Dimension Company and the United Furniture Workers of America, CIO, Local 423. The new contract is for one year dated to expire April 24, 1947.

Conditions involved in the new contract are the 10 cent hourly wage increase on all base rates; one week vacation for all employes who have been with the company from one to five years and two weeks vacation for all employed over five years.

Overtime premium payments for more than eight hours per day will be paid for the first time since the war for those working over eight hours per day, according to announcement by members of the local.

Lynn Beeman, of Chicago, Ill., labor relations counselor, negotiated on behalf of the company. On behalf of the local were Elmo D. Burns, international representative, of Grand Rapids, and Joseph Sangraw, David Cooper, Henry Gauthier and Henry Winkler, committee members of the local.

Social

Lois's Party

Lois Mae Mersnick, daughter of Mr. and Mrs. Albert Mersnick, entertained sixteen guests Tuesday afternoon at her home on North Houghton avenue, the occasion being her sixth birthday anniversary.

A social afternoon was enjoyed after which a lovely birthday lunch was served. A large birthday cake centered the attractive table. Lois Mae received many lovely gifts.

Among those attending the party were: Donna, Patsy and Bobby Popour, Walter Wayne Garvin, Donald Linderoth, Jackie Bunker, Mary McLean, Gail LeBrasseur, Donna Crawford, Joan Briggs, Sylvia Tufnell, Jane Kay MacFarlane, Sandra Sue Johnson, and Lois, Elroy and Donald Mersnick.

* * *

Birthday Party

Marjorie Mae Turpin entertained several guests Tuesday afternoon at the home of her mother, Mrs. Emma Gene Turpin, Park avenue, in honor of her ninth birthday anniversary.

Games were played during the afternoon after which a delicious 5 o'clock supper was served. Centering the attractive table was a large birthday cake. Decorations were in the rainbow colors.

Marjorie Mae received many lovely gifts from the following friends: Lorna and Donna LaVance, Linda and Myra Ekdahl, Arleen Benson, Marjorie Bergman and Mary Lee Turpin.

City Briefs

Mr. and Mrs. C. E. Underwood, who have been visiting here at the C. W. Jackson home on Arbutus avenue, have returned to their home in the Soo. They were accompanied by Mrs. Ida Underwood who has spent several weeks here.

Mr. and Mrs. A. J. Cayia left Tuesday for Hot Springs, Ark., where they will spend a week's vacation.

Mrs. Andrew Krutina of Nahma and daughters, Mrs. Victor Tebo of Nahma and Mrs. Cal Cunningham of Gladstone, visited here Sunday at the home of Mrs. Margaret Soukup and the Frank Rydquist home.

Mrs. Amanda Elliot has been dismissed from the Shaw hospital to the home of her daughter, Mrs. Robert Marks on Cherry street.

Mr. and Mrs. Percy Walker and children left Tuesday for Sault Ste. Marie where they will make their home.

Department Called To Fight Grass Fire East Of City

The Manistique fire department was called out Wednesday noon to fight a grass fire in the vicinity of the Marblehead Dairy about seven miles east of here. Many acres of pasture land were burnt over and the flames spread to a nearby timbered area but spread no further as shaded areas were still damp.

The conservation department took over later in the afternoon and the fire was put out before serious damage was done.

Fined Here For Illegal Trapping

Percey Hall, of Seney, was fined $10 and $8.50 costs Monday afternoon when he pleaded guilty before Judge W. G. Stephens, in justice court, to a charge of setting traps closer than the law permitted, to a beaver house, in Hiawatha township.

He was arrested that morning by Conservation Officer Ernest Derwin.

Leaders Of Girl Scouts Discuss Camping Plans

"Camping" was the theme of a discussion among Girl Scout leaders at a meeting held at the home of Mrs. Ken Van Eyck Monday evening.

Brought out in the discussion, which was led by Mrs. Van Eyck, was the development of Girl Scout camping from the days when Manistique Girl Scouts were offered just one type of camping experience—troop camping—up to the present when this year's plans include four kinds of camping—troop camp, day camp, established camp and the gypsy trip camp.

The camp committee urged troop leaders to include some troop camping in their program before the school year ends, as a preliminary to day camp or Timber Trail. Troop camping is the kind done on "overnights" to some cabin or cottage and is very popular.

Day camp will operate for four weeks this summer at the Trailer Park. Two weeks will be devoted to a program for Brownies and two weeks for Scouts who are unable to attend Timber Trail or who want day camping as a preliminary to prolonged camping away from home. Day camp program will include outdoor cooking, nature study, hiking, handicraft, games, dramatics and folk dancing. Mrs. Walter Hampton will serve as day camp director assisted by a staff of volunteer counsellors.

Timber Trail affords the Girl Scouts of this community as ideal established camping as can be found anywhere in the United States. For two consecutive years national headquarters has selected that site for a training school for counsellors and directors, evidence that it is highly regarded by those who really know Scouting.

Gypsy trips are advanced camping experiences and are part of the program at Timber Trail.

Camping is the greatest adventure in Scouting. Educators claim camping to be the greatest contribution America has made to education in the last twenty years. It is also one of the most effective ways of accomplishing the objectives for which Scouting exists.

Troop leaders are asked by the camp committee to interest every Girl Scout in availing herself of the opportunity of some camp experience this summer. Folders and application blanks will be mailed this week to all parents of Girl Scouts. Registrations should be made early. Some applications for Timber Trail have been on file since January 1. It is expected that the camp will be filled to capacity early this season.

Preceding the discussion, Katherine Hughes, R. N., gave a worthwhile informative talk on First Aid.

Briefly Told

Fauhl Coming Friday—Stanley T. Fauhl, manager of the Escanaba office of the Social Security Board, will be in Manistique on Friday, April 12, 1946 from 8:30 a. m. to 10:30 a. m. He will be at the post office building and will be glad to assist anyone seeking information or advice on matters pertaining to social security.

PAST MASTERS TO BE HONORED

Observance Tonight At Hall; Lied Will Be Given Jewel

Past Masters of Gladstone Lodge No. 396, Free and Accepted Masons, are to be honored at the annual Past Masters' Night this evening in the lodge hall.

The banquet will be served by members of Minnewasca Chapter Order of the Eastern Star.

Highlight of the event is the presentation of the Past Master's jewel to Walter Lied. Presiding as toastmaster will be Henry Cassidy.

U. S. Marine Corps sound movies portraying the Battile for the Marianas and Marines at Tarawa are to be shown.

The program:
Invocation, C. E. Fisher.
Dinner music, Melvin Larson.
Welcome, Martin Caldwell, W. M.
Past Masters Roll Call, Gale Wescott.
"In Memoriam", Cecil Jones.
Presentation of Jewel, Ollie Nelson.
Acceptance of Jewel, Walter Lied.
"God Bless America", Assembly.
Benediction, C. E. Fisher.

Marinette Auto Struck By Train

Marinette, Wis.—Four Marinette young people escaped serious injury but all were cut, bruised and shaken up shortly after 8 p. m. Monday when the automobile in which they were riding was struck by a slow moving southbound North Western freight train at the Carney avenue three-track crossing.

The four, all treated at Marinette General hospital and then discharged, were James Walk, 21, of Shore Drive; Jean Hanson, 19, of 1059 Walnut street; Arthur Kunick, 21, of 802 Terrace avenue, and John Michaelis, 19, of 848 Pierce avenue. They were on a scavenger hunt from a church party.

Cutter Mackinaw Visits Marquette

Marquette—The cutter Mackinaw, pride of the U. S. Coast Guard on the Great Lakes, anchored off Marquette for a short time Tuesday and took aboard personnel which will man three lighthouses during the coming navigation season.

It was the first visit here for the 5,090-ton Mackinaw, which has been active in moving ships through the ice-jammed lakes early and late in the shipping seasons since she was commissioned Dec. 20, 1944.

The 10,000-horsepower icebreaker is 290 feet long, 74¼ feet abeam and has a normal draft of 18 feet, 10 inches.

Grand Worthy Matron Visits Ida Chapter

Ida Chapter, Order of Eastern Star, held a special meeting at the Masonic hall Tuesday evening with Marion I. Knight, of Detroit, Worthy Grand Matron of the Grand Chapter of Michigan, O. E. S., conducting a school of instruction.

Preceding the school of instruction, the officers of the local chapter honored Mrs. Knight at a 6:30 o'clock dinner in the Masonic hall dining room. Other honored guests included Dr. George Shaw, Past Grand Patron, and Isabella Shaw, Past Grand Marshall of the Grand Chapter of Michigan, O E.. S., and Mrs. Gertrude Whildin, wife of the Worthy Grand Patron, of Caro. The dinner was served by the Fraternal Sunshine committee, consisting of Nellie Ott, Erma Opal, Nellie Raredon, Elsie Holm and Geraldine Creeger.

Major P. Bissett Visiting In City

Major Peter Bissett, who recently received his honorable discharge from the U. S. Army where he served as chaplain, is visiting in Manistique at present. Major Bissett, who is now living in Grand Rapids, was at one time pastor of the First Baptist church here. He will be guest speaker at the church next Sunday morning at 10 o'clock.

Girl Scout Troops Have New Leaders

Following the Fly-Up ceremony at which a large number of Brownies became Intermediate Girl Scouts, Mrs. Robert Gazlay was named as leader of a new Brownie Troop No. 2 to be formed in the near future. Assisting her will be Mrs. Ray Gazlay.

Mrs. L. J. Weingartner and Mrs. Wm. Marquette were named to the troop committee. Meetings will be held at the kindergarten each Thursday at 3:30 o'clock.

The troop is sponsored by the Study club and Mrs. J. F. Richardson and Mrs. E. C. Olson form the sponsoring committee.

Mrs. Helen Masterson will lead Intermediate Troop No. 13 which is formed by many of the Brownies from Troops 2 and 13 who were advanced Tuesday afternoon.

Brownies who did not advance will temporarily join a troop led by Mrs. Oscar Ohman.

SOO TEARS UP BRANCH LINE

Stevens Point - Portage Track Abandoned In November

Stevens Point, Wis.—Work of removing the rails, ties and culverts and dismantling the 25 to 30 bridges on the Soo Line's abandoned Stevens Point-Portage branch was scheduled to start on Wednesday by E. W. Wylie, Inc., contracting firm of St. Paul, Minn. The last revenue train was operated on the branch Nov. 9.

The salvage operations will commence at Portage and extend north to McDill, two miles south of Stevens Point, according to W. J. Cable, the Soo's division engineer. The job will take about three months and 35 to 40 men will probably be employed.

Some of the rails will be retained for repair work on side tracks but most of the steel will be sold as scrap.

One of the interesting landmarks to go is a rolling lift draw bridge on the Fox river canal two miles north of Portage. This will be the first of the bridges to come down. Among other bridges are small steel girder structures over the drainage ditches south of Plover.

Disposal of the real estate, consisting of the land that comprises the right-of-way and the depots and other structures, is in the hands of the Soo's real estate commissioner at Minneapolis. Little of the real estate has been sold to date, Cable said.

Railroad signs and other equipment will be salvaged and hauled away as the job progresses north. The Soo line expects that there will be approximately 700 carloads of salvage.

CITY PREPARES HARBOR DATA

Consult Army On Type Of Information Wanted

Army engineers are to be contacted by City Manager H. J. Henrikson to learn what type of information they will desire in connection with a hearing which will be held relevant to a proposed harbor improvement here.

Manager Henrikson conferred last week-end with Engineer Leslie Goddard, Houghton, about a desired harbor improvement and in relation to the proposed local airport.

A revised bid for survey of a Class 1 airport is to be made to the Michigan State Aeronautical board.

The Congressional House Rivers and Harbors committee recently adopted a resolution requesting the Board of Engineers to review reports on the Gladstone harbor with a view toward determining if further improvement for the benefit of light draft vessels is advisable at this time.

Congressman Fred Bradley presented the matter before the Rivers and Harbors committee.

In one day 25,000,000 paper bags are produced at the world's largest kraft paper mill and bag factory at Savannah, Georgia. It takes 32 freight cars to ship them away.

Gasoline stocks in the United States today stand at more than 3,650,000,000 gallons, an increase of 250,000,000 gallons over a year ago.

Briefly Told

Lenten Service — A midweek Lenten service will be held tonight at 7:45 o'clock in the Mission Covenant church.

* * *

B of LE Meeting—The Brotherhood of Locomotive Engineers will meet this evening at 7:30 o'clock in the Eagles hall.

* * *

Ladies' Aid—The Ladies' Aid society of the First Lutheran church is scheduled to meet this afternoon at 2:30 o'clock in the church. Mrs. Jonas Haglund will be hostess. All are welcome to attend.

* * *

GIA Meeting—The GIA to the Brotherhood Locomotive Engineers is to meet at 2:15 o'clock at the Eagles hall. Mrs. Herb Tumath and Mrs. Wm. C. Miller form the committee in charge.

* * *

Choir Practice—The choir of the Mission Covenant church is to meet for practice at 7 o'clock this evening.

* * *

Ladies' Aid—The Ladies' Aid society of St. Martin's Lutheran church will meet at the home of Mrs. Eli Schramm in Rapid River this afternoon at 2:30 o'clock.

* * *

Young People—A prayer meeting for young people of the Mission Covenant church is to be held at the home of Ed R. Johnson on Dakota avenue tonight at 8 o'clock.

Smelt Fisherman Fined For Rumpus

Pleading guilty to being disorderly, Henry Drossart, Route 1, Rapid River, paid a fine of $5 and costs of $3.85 upon arraignment before Justice of Peace O. C. Estenson yesterday morning.

Arrest was made by Michigan State Police who were called to the Days River where Drossart was creating a disturbance among some of the smelters.

HOTEL SURVEY STARTED HERE

Needs Of City Will Be Determined By Check

A hotel survey was begun in Gladstone yesterday by the Hockenbury System, Inc., of Harrisburg, Pa., with John F. Gordon, representative of the Hockenbury system in charge.

The survey is sponsored by the Gladstone City club. The hotel committee of the City club is headed by James T. Jones.

The survey will determine the need for a new and modern hotel, whether it should be commercial or resort or whether both commercial traveler and tourist will be catered to, size, location, and whether it can be adequately financed.

Gathering of data here is expected to take about a week, Mr. Gordon said yesterday.

When all pertinent data desired has been procured, it will be taken to the home office at Harrisburg for compilation and analyzation.

City Briefs

Mrs. G. Downes left Tuesday to return to Grand Rapids after visiting here with her parents, Mr. and Mrs. C. A. Clark.

Attempts to produce floor and wall tile for bathrooms and kitchens were made in the United States even before the Revolutionary War, but successful production did not get under way until the 1870's.

PLAN PASSION WEEK SERVICES

Ministerial Association Arranges Union Rites

Union Passion Week services are to be held in Gladstone and Escanaba next Monday and Tuesday under the auspices of the Delta County Ministerial association.

The Rev. Axel Pearson of Moline, Ill., has been procured as the speaker.

The first service will be held in Gladstone Monday evening at 8 o'clock in the high school gymnasium. Rev. Pearson will speak on the subject "The Christ We Preach." There will be two selections by a high school girls' sextet under the direction of Irving Johns. Joanne McMillan will be the accompanist.

The second of the two services will be held on Tuesday evening at 8 o'clock in the auditorium of the Escanaba junior high school.

Church To Dedicate 2 New Altar Vases

Two gold plated altar vases, presented to the First Lutheran church by the Dorcas society, are to be dedicated during the morning service next Sunday at 10:30 o'clock.

More Rural Mail Boxes Knocked Over

Several more rural mail boxes were recently knocked over by a motor vehicle and Michigan State Police have been called by postal authorities to investigate.

This is the second instance of this in recent weeks.

CARD OF THANKS

We wish to express our sincere thanks and appreciation to all those friends and relatives, to those who gave the beautiful program, and to all those who sacrificed their time and energy so unsparingly in numerous ways, to make our silver wedding anniversary such a big and memorable event, which was held at the Osterbotten hall, in Negaunee, Michigan, on March 30, 1946. Thanks for the beautifully set table and the nice sum of money which was presented to us. The memory will live in our hearts forever.

MR. AND MRS. NESTOR SAINIO,
Box 35A, R. 1, Champion, Mich.

In Memoriam

In loving memory of our beloved father and grandfather, Adolph Quist, who died one year ago today, April 11, 1945.

Peacefully sleeping, resting at last,
The world's weary troubles and trials are past.
In silence he suffered, in patience he bore,
'Till God called him home to suffer no more.

Sadly missed by his daughters,

RUBY, LEONA AND LINNEA,
AND GRANDDAUGHTERS,
HELEN AND BETTY.

Trenary

Entertain Teachers

Trenary, Mich.—Teachers of the Trenary school were guests at a party given by Miss Campbell and Mrs. Rodgers last weekend at the Andrew Rodgers home.

Five-hundred was played during the evening, with ladies' first prize won by Mrs. John Knaus, Jr. Mr. Rodgers won the men's first prize, and Mrs. Larry Barber was awarded consolation prize. Following the games, lunch was served by the hostesses.

Guests at the party were Supt. and Mrs. John Hicks, Mr. and Mrs. Larry Barber, Mrs. B. Coles, Miss June Kiser, Mr. and Mrs. John Knaus, Jr., and Mrs. Alexander.

The entire nation was stunned today by the grave news that high Lower Slobbovian authorities are holding Lester Gooch, creator of "Fearless Fosdick," on charges of having faced a Lower Slobbovian maiden and then refusing to marry her.

(In far-off, little-known Lower Slobbovia, if a young man sees a girl's face, the law says he must marry her, since it stands to reason that no man will willingly marry a Slobbovian girl, once he's gotten a look at her.)

Gooch has appealed to American authorities to extricate him from his predicament

but our State Department has refused to intervene, on the grounds that an American in Lower Slobbovia is subject to even the lowest of Lower Slobbovian laws.

Meanwhile, Gooch has been refused permission to continue his work, until he marries the maiden he faced, Miss Lena the Hyena.

Gooch has stated that he'd rather rot in jail for the rest of his natural life, than marry Lena.

This leaves millions of "Fearless Fosdick" fans in a state of frustration and mental anguish.

Court Rules Pari-Mutuel Horse Race Betting Legal In Michigan

HORSES RETURN TO KEENELAND

Three Derby Nominees Entered In Opener At Lexington

Lexington, Ky., April 10 (AP)—Racing will be resumed tomorrow at Keeneland race course here after a four-year lay-off, and nine horses, including three Kentucky Derby nominees, have been entered for the opening day feature, the $5,000-added Phoenix handicap.

Derby candidates listed for the six-furlong Phoenix route, for three-year-olds and upward, include Calumet farm's In Earnest and High Shine, and Hal Price Headley's Pellicle.

The Keeneland meeting since 1942 has been held at Louisville's Churchill Downs, and an 11-day card, ending April 25, will mark its return to the colorful Fayette county plant.

Traditional feature of the Keeneland program is the blue grass stakes for three-year-olds, a $10,000-added event over a mile and one-eighth, considered one of the best tests for derby candidates.

Every available stable at the course is occupied, with more than 600 horses, most of them Kentucky-bred, quartered at the track. Some of the nation's leading thoroughbreds will go the route in the various stakes this year.

Keeneland is a non-profit track, owned and operated by breeding interests, with its executive officers, except the general manager, serving without pay.

The Churchill Downs meeting, featuring the derby, follows the Keeneland program.

Marines and Hawaii Split Ring Honors In AAU Tournament

BY BILL KING

Boston, April 10. (AP)—Hawaii's well-schooled little boxers and the hard-slugging U. S. Marines from Cherry Point, N. C., shared top team honors tonight as the 58th National AAU boxing championship tournament closed its triple-program schedule before a packed 13,106 crowd at the Boston Garden.

The battlers from far-off Hawaii collected three of the eight championships at stake and the doughty Marines two as the only defending champion, Charlie Lester of Cleveland, beat back one of the best heavyweight fields in many years to retain his laurels.

For the first time in almost 20 years, this national competition—which attracted a hand-picked field of 172 from all parts of the country as well as the Pacific isles—produced a triple winner, Bob Foxworth of Chicago, hard-punching negro light heavyweight, who also led that division in 1942 and 1943, before joining the navy.

Joseph Discepoli, from Cincinnati, gave the Marines their first title in the 135-pound division and the "double" was provided by 160-pound Harold Anspach, of Williamsport, Pa.

They provided the Marine team with 10 points, which were matched by the Hawaiian team. The latter had two of its six semi-finalists eligible for the team-prize competition.

In addition to being an outstanding artistic success, the AAU's first post-war glove tourney, which called for a total of 163 bouts, shattered all of its attendance and financial records.

The three-day attendance totaled 24,677, the gross gate receipts $49,459 and the net $36,963.

CLASS D CHAMPS — The Rock Little Giants upper peninsula Class D basketball champions, are pictured here. They are, left to right, front row, Richard Moen 12, captain; Raymond Lampinen 11, Marvin Kivekas 20, Keith Kleiber 15, Oliver Lund 14. Back row, Assistant Coach Victor Mankiewicz, Richard Elo 16, Edwin Kivioja 17, Richard Lampinen 19, Lester Bazinet 18, Harold Jokela 13, Harold Heikkola and Coach George Kulack. The team won 17 games and lost one during the season, averaging 41 points per game.

Boys, Girls City Volleyball Meet To Begin On April 15

A city-wide volleyball tournament for both boys and girls will be held at the city recreation center beginning Monday, April 15.

Four teams have already entered and several others are expected to enter this week.

Any boy or girl interested may make up his or her own team with six players for boys' teams, and eight for girls'.

Separate tournaments will be conducted and there will be awards for the winning teams in each division.

Michigan Tech Alumni To Hear Athletic Head

Houghton—Prof. D. P. Sherman, Michigan College of Mining and Technology athletic director, will address the Detroit chapter of the Michigan Tech Alumni Association Friday evening, in the lounge of the Belle Isle Aquarium, Detroit. About 100 alunmi of the metropolitan area are expected to attend, to hear him explain the college's activities and plans.

Mr. Sherman was invited by A. E. Briggs of the Great Lakes Steel corporation, who said the meeting will be devoted to postwar reactivation of the chapter.

Sherman has been a member of the faculty since 1929, coming from Wabash college. At Wabash he captained the grid squad—no new job for him, since he had led Battle Creek high school grid and basketball squads in his prep school days.

PREP SQUADS TRAIN INDOORS

Track, Baseball Lads To Move Outside Within Few Days

The Escanaba high school track and baseball squads, both coached by Jim Rouman, are going through preliminary indoor training for the approaching season but will move outdoors soon if weather conditions permit.

Seniors are permitted to participate in both track and baseball if they desire but underclassmen must select one sport or the other.

Approximately 70 athletes are engaged in the two sports, of which 19 are planning participation in both. There are approximately 35 boys who have elected to participate in track alone and the remainder have chosen baseball alone.

Announcement has not yet been made concerning the high school baseball schedule, but it is anticipated that about ten games will be played during the season.

Earl Raiche Wins Bowling Trophy In California Tourney

Earl Raiche, former Escanaban and a leading Upper Peninsula bowler here several years ago, recently won the all events trophy with a grand total of 1816 pins in the Salinas, Calif., men's bowling tournament, it has been learned here.

Raiche was formerly with the forest service here and was transferred to Salinas a few years ago.

$389 Profit Netted At U. P. Tournament

Ironwood— The net profit for the three-day Upper Peninsula final basketball tournament, held here the third week in March, after the payment of Federal taxes and expenses due competing and entertaining schools was $389.16, according to a statement of receipts and disbursements released by R. E. Dear, principal of Ironwood high school, and tournament manager.

Total receipts for the three days, including a $200 fee for broadcasting privileges, were $3,345.50. Federal taxes amounted to $514.60. The tournament attracted 5,226 paid admissions, including 2,552 adults and 2,674 students.

Expenses for trophies, medals, officials, scorer, timer, basketballs and liability insurance amounted to $600.95. A 75 per cent of the gross balance or $1,672.46 was paid to competing schools. Total receipts to Ironwood were $557.49.

Miscellaneous expenses, including tickets, laundry, chair gang, decorations, drayage passes and telephone tolls were $168.33.

Three Tigers Sent Home To Take Rest

Terre Haute, Ind., April 10. (AP)—Although the Detroit Tigers are scheduled for four more exhibition games in Indiana, Ohio and Kentucky this week Manager Steve O'Neill sent three of his stars home to Detroit today to rest up for the opening of the American league season next Tuesday against the St. Louis Browns.

Leaving the club in Terre Haute were infielders Hank Greenberg and Eddie Mayo and pitcher Virgil Trucks. Greenberg and Mayo have been complaining of sore muscles and Trucks has a cold.

REDS DEFEATED BY TIGERS, 2-1

Mullin's Homer In 4th Clinches Victory For Dizzy Trout

Terre Haute, Ind., April 10 (AP)—Right Fielder Pat Mullin's fourth inning home run, scoring Dick Wakefield who had walked, brought the Detroit Tigers from behind today for a 2 to 1 victory over the Cincinnati Reds in the opener of a four game exhibition baseball series.

The triumph was the first for the Tigers this spring over a Cincinnati club which licked Detroit three straight times in Florida.

Mullin's big blow clinched the victory for Paul (Dizzy) Trout, who pitched the first five innings for Detroit and allowed three hits and one run. Johnny Vander Meer, Cincinnati's double-no-hit lefthander, gave up all seven of Detroit's hits in his five-inning turn.

Actually the clubs broke even in hits, seven-all, as Frank (Stubby) Overmire gave the Reds one safety in each of the last four innings and Righthander Clayton Lambert, who finished for Cincinnati, hurled no-hit ball for three innings.

Both clubs substituted a flock of players in the late innings as Catcher Bob Swift and Shortstop Skeeter Webb were the only Tigers to play the entire game.

Detroit and Cincinnati meet again tomorrow at Richmond, Ind.

Cincinnati (N) .... 000 100 000—1 7 0

McCoy Flunks Out For Detroit Berth

Terre Haute, Ind., April 10 (AP)—Benny McCoy, released this spring by the Philadelphia Athletics, failed to make the grade in his week's tryout for a Detroit Tiger infield berth, Manager Steve O'Neill announced today.

McCoy joined the Tigers in Alabama on their northward swing and played second base in three exhibition games against the Boston Braves without impressing O'Neill favorably.

In 1940 McCoy received a $45,000 bonus for signing with the Athletics after the late Baseball Commissioner Kenesaw M. Landis had declared him a free agent. Prior to that time he had played parts of two seasons with the Tigers.

Two Backfielders Lost By Spartans

East Lansing, April 10. (AP)—Two promising backfielders on Michigan State college's football team were lost for the balance of spring training today as a result of strenuous scrimmage.

Martin Daugherty, 210-pound quarterback and former all-Pennsylvania prep star from East Pittsburgh, was carried from the field after one play with a fractured left leg. William Rawlings, 175-pound Detroit halfback suffered a broken right arm.

Dr. Charles F. Holland, team physician, said Daugherty, 25, will be held at the college hospital for X-ray examination. The former Army Air Force tech sergeant played with the First Air Force team at Mitchell Field, L. I., and with the Twelfth Air Force eleven in the "Spaghetti Bowl" at Rome, Italy, last New Year's Day.

Rawlings, 22, was released after treatment. He was an all-Detroit high school football selection in 1942.

DETROIT TRACK OPENS MAY 25

Tribunal Declares State Fair Grounds Event Is Not Nuisance

Lansing, April 10 (AP) — Horse racing and pari-mutuel betting are legal in Michigan, the state supreme court ruled today, and in Detroit the racing association immediately announced a 49-day spring meeting at the State Fair Grounds.

The races will open May 25 and run through July 20.

In its decision, the high court voided the lease between the Detroit Racing Association and the State Department of Agriculture for use of the fair grounds, but officials said they thought a new rental contract could be negotiated.

George W. Lewis, general manager of the Detroit track, said the association interpreted the decision to mean racing will be permitted pending agreement on a new lease.

Wagers No Lottery

Pari-mutuel betting, the high court ruled, is not a lottery and therefore is not prohibited by the state constitution. Its decision overruled a Wayne county circuit court which held the 1933 horse racing law unconstitutional in a case brought by Mr. and Mrs. Edward J. Rohan, who live near the fair grounds and contended operation of horse racing constituted a public nuisance.

Defendants were the Detroit Racing Association, the Michigan State Racing Association and the Department of Agriculture.

"In a lottery," the court declared, "the winner is determined by lot or chance and a participant has no opportunity to exercise his reason, judgment, sagacity or discretion. In a horse race, the winner is not determined by chance alone as the condition, speed and endurance of the horse and the skill and management of the rider are factors affecting the result of the race."

The pari-mutuel machine was defined by the court as "merely a convenient mechanical device for recording and tabulating information regarding the number and amount of bets and from this information the betting odds on the horses entered can be calculated and determined from time to time during the process of betting."

Written by Justice Raymond W. Starr, the decree was signed by Justices Starr, Neil E. Reid, Edward M. Sharpe, and Leland W. Carr. Justice George E. Bushnell said he concurred but "I cannot approve the present method of conducting the pari-mutuel system."

Best Stables Promised

One sentence of the horse racing law—that which authorized the Department of Agriculture to lease state-owned land under its control for horse racing — was held unconstitutional because, the court said, it was not expressed in the title of the act.

The track will be in shape by opening day, he added, and every effort will be made to attract the best stables possible.

As to the nuisance factor in a track's operations, the court held:

"A race track is not a public nuisance within itself.

"Traffic and traffic congestion (in the vicinity of a track) are subject to police regulation and do not constitute a public nuisance.

"Odors, insects, blocked driveways and fire hazards do constitute a public nuisance which should be abated."

Judge Miller was directed to prepare a decree requiring the Detroit track to enclose receptacles, clean the premises daily, and police barns so that fire hazards, unnecessary noises and improper conduct would be eliminated.

GOES TO CORNELL

Detroit, April 10. (AP) — Arthur (Bud) Boeringer, former assistant football coach at University of Detroit and a star center at Notre Dame in 1926, said today he had accepted a post as assistant to Coach Ed McKeever at Cornell university, Ithaca, N. Y. Boeringer plans to report at Cornell Monday for the opening of spring practice.

Hot Water Or Ice Not Good For Pain

Atlantic City, N. J.—When you put a hot water bottle or an ice bag over a place in which you have a pain, you may make the pain much worse instead of relieving it, reports the meeting here this afternoon of the Federation of American Societies for Experimental Biology indicate.

Experimenting with hurt fingers where the nails had been banged or a clamp applied to the webbed part between the fingers, Dr. Herbert S. Wells, of the University of Minnesota, found that both heating and cooling would increase pain, especially if the changes in temperature were abrupt. Deep cooling of the injured part, however, by prolonged immersion in water would stop the pain.

The fingers were as much as two to four times as sensitive to pain from pressure if the injured part was heated or cooled more than the surrounding tissues, Dr. Wells found.

CITY BOWLING TOURNEY OPENS

Busy Schedule Booked For Remainder Of Month

The city bowling tournament swung into action last night at the Arcade alleys with six teams scheduled for the opening session. They are the Cokes, Sayklly's, Metropolitan, Steam Laundry, H&J and Granada.

The remaining schedule for the team events follows:

Sunday, April 14, 7 p. m. — Night Owls, Tom Twift, Hiawatha L&L, U. S. Forestry and Yard.

Saturday, April 13, 7 p. m. — Five Spots, Bob's Minks, UCT Sr., UCT Jr., High Spades, C&NW 400.

Wednesday, April 17, 7 p. m.—Kiwanis No. 2, Rotary, Lions, GI Bar, B. R. Culvert, N. W. Fruit.

Friday, April 19, 7 p. m.—Clairmont's, Bolgers, Ritchie Electric, Johnston Printers, Maytag Sales, Mike's Bar.

Saturday, April 20, 7 p. m. — Papermakers, Wreckers, Boilerhouse, Challengers, Office and Obergs.

Thursday, April 25, 7 p. m. — Northern Motors, Belle's Coffee Shop, Arcadians, Elks.

Sunday, April 28, 7 p. m. — Flyweights, Bar Flies, Gas Peddlers, Birds Eye and Elks' 800's.

The doubles and singles schedule for Monday, April 15 at 7 p. m. follows: Frank Mooney and Frank Gayan, O. Lund and Erickson, Beaudin and N. Even, A. Valind and M. Valind, L. Auger and Shanahan, E. Howard and B. Perron, Fr. Frieburger and Fr. Frappe, Beauchamp and Eckmeyer, Bersch and H. Gafner, T. Olsen and H. Johnson, F. Pascal and Knaus, D. Pierce and Lasnoski, D. Remington and Kramer will bowl doubles only Monday night.

Clairmont's are the defending champions in the team event. W. Johnston and Max Saums are defending doubles titleholders and Worthy Magnuson is the defending singles champ.

Golf Club Annual Meeting Tonight; Lunch Afterward

All members of the Escanaba Golf club have been invited to be present for the club's annual meeting, to be held tonight at 8 o'clock at the clubhouse. A meeting of club governors will follow the session, and lunch will be served.

Members are reminded to turn in their ballots for the election of members of the board of governors before the meeting tonight.

The Sports Parade

By Ken Gunderman

The official report from the Upper Peninsula basketball tournament at Ironwood reveals that the actual paid attendance in the three days of the tournament, 5526, was approximately only half of the announced estimates of attendance, which was reported to be in excess of 10,000. Just how this glaring error in estimates was made is not clear, but it may have developed in part from an overestimate of the capacity of the Ironwood gymnasium, which was reported to be 4,000. It has since been indicated that the actual capacity of the gymnasium is closer to 3,400. This difference multiplied by the three sessions of the tournament would account for a portion of the discrepancy, but not all of it by any means.

* * *

It may be presumed that the attendance estimates did not come from the tournament management, since the Ironwood school officials would know quite definitely the capacity of their own gymnasium and would be further fortified by the official attendance figures which were available to them at that time. The point is, however, that the extravagant estimates of attendance conveyed the impression that the tournament would certainly pay off 100 per cent of expenses to the competing schools but in reality the payoff was made only on the basis of 66.3185 per cent. Even this may be slightly high as the Escanaba high school squad was credited only with two night lodgings instead of three, an error which also reduced allowance for meals. Request for correction has already been made by the local school which, incidentally, is not including request for lodging expenses for Wednesday night preceding the opening of the tournament.

* * *

The total paid attendance at the tournament was highest on the final night, 2140, of which 998 were adults and 1142 were students. The opening night attendance was 1837, including 985 adults and 852 students, and the Friday night attendance was only 1249, of which 569 were adults and 680 were students. The Escanaba school authorities were particularly interested in these figures because they provide a basis for determination whether the capacity of the Escanaba junior high school gymnasium following its proposed enlargement will be sufficient to warrant a bid for conducting the Upper Peninsula tournament here. The capacity of the Escanaba gymnasium will be approximately 2,500, which exceeds the largest attendance at any session of the Ironwood tournament.

* * *

The attendance figures at Ironwood establish further proof that the proposal advanced last fall for conducting the Upper Peninsula tournaments at two tournament sites would be considerable in excess of the attendance at a single center but total expenses would not mount in proportion. The result would be virtually a guarantee of 100 per cent payoff in expenses to competing schools. At the same time it would provide an opportunity for a greater number of basketball fans to see some of the tournament games. Presumably competing schools at Ironwood will receive the balance of their allowable expenses from the state high school athletic association, which profited rather generously from the district tournaments.

FIRST BASEBALL MEET SUNDAY

Players Invited To Re-Port For Practice At Diamond

The opening practice session of the Escanaba baseball club will be held Sunday afternoon at two o'clock at the municipal diamond, Manager John Schwalbach announced yesterday.

A meeting of ball players and fans was held Tuesday night at the recreation center and preliminary plans for the year were discussed. The initial response indicates a good year for baseball here, with fine prospects for a strong team.

All players interested in joining the ball club are invited to attend the practice session on Sunday afternoon. Each candidate will be given an ample opportunity to display his talent before any cuts in the size of the squad are made. The club is restricted to 18 players by league rules.

Plans for financing the team also were discussed at the Tuesday night meeting. Contributions will be sought to meet initial expenses and the purchase of equipment but it is expected that the club will become self supporting after the season develops.

The opening game of the season with Channing on May 5 will be a booster game, Manager Schwalbach reported, if approval is granted by NWM league officials.

After the Norman conquest of Britian there were more than 70 mints coining gold and silver in the country, more than now exist in the world.

Tampala, the new vegetable, is believed to be far superior to spinach in color and flavor. The leaves are so tender it requires only 5 minutes to cook.

Cardinals Look Like Sure Fire For League Flag

BY WHITNEY MARTIN

New York, April 10 (AP)—At the risk of being practically an isolationist, as there are only a few million others with the same idea, we are picking the St. Louis Cardinals to finish first in the National league race, followed by the Chicago Cubs, followed by chaos.

The remainder of the clubs loom as a vague jumble of arms and legs, with the Giants having a hand on third place and a foot on seventh or the Braves with an elbow in the first division and a knee near the cellar. You just can't tell much about any of them.

Just to make some sort of order out of the situation, however, we'd place the Brooklyn Dodgers in third place behind the Cubs, the New York Giants fourth, the Boston Braves fifth, the Pittsburgh Pirates sixth, the Philadelphia Phillies seventh and the Cincinnati Reds last.

Right now we can't see any serious challenge the Cardinals might have to face, and it is an odd situation indeed when the defending champions, in this case the Chicago Cubs, are not rated a serious threat, although selected for the runnerup spot.

We base our selection of the Cards on the theory they have more of practically everything than any other club, that they probably are more improved than any other club through the return of service men, and that if they could finish a close second last year they should be a shoo-in this year because of that improvement.

They have pitching in quantity and quality, their star-studed pre-war outfield, and a satisfactory infield. They don't have Walker Cooper to catch, but then, they didn't last year either.

In comparison with the Cards, the Cubs seem to have improved little. They have Hi Bithorn back, a good pitcher, and may get Dom Dallessandro, capable outfielder. But aside from them, the team is about the same, only a year older.

The Dodgers seems to be a big gamble to finish third, as they've been so beset by injuries this spring it's hard to tell much about them. However, if they can get together sometime all in one piece they might offer a pretty stout argument.

The Giants leave you guessing, and it's just a guess that their power hitting—on paper anyway—might offset a recognized pitching deficiency sufficiently to allow them to bludgeon their way into the first division. Walker Cooper undoubtedly will be a valuable asset, although just how great remains to be seen.

In moving the Braves up from their sixth place finish of last year to fifth we are putting much faith in the managerial ability of Billy Southworth. We think he'll have a hustling team, the hustle making up for some obvious deficiencies. We aren't counting on Mort Cooper too much, but do think Johnny Hopp will be a great asset.

We do not think the Pirates have improved too much, and can't see them matching their fourth-place finish of last year. The Phils will be improved, and will continue to improve, but whether they have improved enough to move up more than one position is very doubtful.

We dislike the idea of putting the Reds last, but aside from good pitching and a promising rookie third baseman Bill McKechnie doesn't seem to have much. The Reds admittedly are building for the future, and it looks like they'll be starting to build where most building starts—from the basement.

CHICAGO PRICES

CHICAGO BUTTER

Chicago, April 10 (AP)—The butter market was firm and unchanged today at OPA ceiling prices.

CHICAGO EGGS

Chicago, April 10 (AP)—Eggs were steady and unchanged.

CHICAGO POTATOES

Chicago, April 10 (AP)—(USDA)—Potatoes, arrivels 75, on track 114, total U. S. shipments 840.

Old stocks: Supplies light; demand moderate; market slightly stronger.

New stocks: Supplies moderate; demand good; market steady. Idaho russet Burbanks, U. S. No. 1, $3.85 to $4.10; Wyoming bliss triumphs, U. S. No. 1, $4.00; Minnesota and North Dakota cobblers, commercial, $2.25; bliss triumphs, commercial, $2.25; Pontiacs, commercial, $2.25 to $2.50; Florida 50-lb. sacks bliss triumphs, U. S. No. 1, $2.65; Texas 50-lb. sacks bliss triumphs, U. S. No. 1, $2.50 to $2.65.

CHICAGO GRAIN

Chicago, April 10 (AP)—The price of May rye retained all the buoyancy allowed by futures trading regulations today and finished with the 5-cent limit advance for the third time in four days at another new all-time record high.

Board of Trade statisticians reported that the sustained buying flurry has resulted in the evening up of almost a million bushels of short commitments on the May rye contract during the past few days, but that more than 6,000,000 bushels still remained on open account.

The government ceiling of \$1.49½ a bushel, now imposed upon the deferred deliveries, will become effective for all rye on June 1. Thus, today's closing quotation is 94 3-8 cents a bushel higher than the price for which the same grain may be sold after that date.

Wheat, corn and barley held at ceilings of \$1.83½, \$1.21½, and \$1.26½, respectively. Oats closed unchanged to 7-8 cent above yesterday's finish, May 83-cent ceiling; rye unchanged to 5 cents ahead.

CHICAGO LIVESTOCK

Chicago, April 10 (AP)—Salable hogs 5,000, total 10,000; active, steady; good and choice barrows and gilts, 14.85 ceiling; sows and stags, 14.10 ceiling; complete early clearance; shippers took 1,000.

Salable cattle 11,000, total 11,000; salable calves 600, total 600; choice yearlings and light steers unevenly steady to 25 lower, mostly 10 to 15 cents lower; comparable weight kinds and all other grades steady; top 18.00 for half-dozen loads choice to fine steers with weight; bulk 15.50 to 17.50; moderate supply 17.65 to 17.90; heifers steady to weak, best 17.15; short load outstanding 1,140-lb. mixed offerings 18.00; cows and bulls strong, very scarce; vealers steady at 17.00 down; heavy beef bulls to 15.00; weighty dairybreds to 14.00; stock cattle in negligible supply.

Salable sheep 4,000, total 5,000; slaughter lambs fully 25 cents higher; good and choice 92 to 108 pound fed wooled westerns 16.85 to 17.00; top 17.00, another new season's high mark; load medium to good 100-lb. Iowa wooled lambs 15.75; deck shorn fed lambs, No. 1 pelts, 15.40; load strictly good and choice 107-lb. weight with short No. 2 pelts 15.35; other classes extremely scarce.

TRADING TRENDS

New York, April 10 (AP)—

Stocks: Irregular; pivotal issues narrow.

Bonds: Steady; rails improve.

Cotton: Quiet; mill buying.

Chicago:

Corn: Unchanged at ceilings.

Rye: Unchanged to 5 cents higher; general short covering.

Hogs: Active and steady at OPA ceilings. Top \$14.85.

Cattle: Active, fully steady most kinds and grades except choice yearlings and light steers which were unevenly steady to 25 cents lower. Top \$18.00.

2½s, 71-66, 107.9.
2½s, 72-67, June, 106.3.
2½s, 72-67, Dec. 5, 106.7.

FOREIGN EXCHANGE

New York, April 10 (AP)—Closing foreign exchange rates follow (Great Britain in dollars, others in cents):

Canadian dollar in New York open market 9 3-16 per cent discount, or 90.81¼ U. S. cents, unchanged.

Europe: Great Britain \$4.03½, unchanged; France (franc) .8425, unchanged.

Latin America: Argentina free 24.46, unchanged; Brazil free 5.25; Mexico 20.65.

Civilians consumed an average of 126 pounds of meat a year from 1935 until 1939. In 1944 they averaged 150 pounds; and the forecast for 1946 is from 145 to 155 pounds.

In Scotland a decree of divorce dissolves a marriage at once, while in England neither party is free to re-marry until six months have expired.

An increased food supply predicted for 1946 by the U. S. Department of Agriculture is expected to reduce retail prices about five per cent.

PIVOTAL STOCK GROUPS SLUMP

BY T. E. APPLEGATE

New York, April 10 (AP)—The stock market's advance toward 15-year highs was halted today in a session of irregular movements.

Such pivotal groups as motors and rails generally backed off a bit in the wake of yesterday's upturn. Selling pressure was not heavy, and most losses were held to fractions. Selected issues managed to retain some gains.

Total sales for the day were 1,580,000 shares compared with 1,710,000 Tuesday. Of 1,015 issues traded 440 declined and 384 advanced. The Associated Press 60-stock average dropped .2 of a point to 80.1.

Analysts said the market was vulnerable after its rise to within a shade of the February top, and lacking bullish news developments, support for a new push failed to develop. Predictions that the soft coal walkout would be of long duration and a strike threat by shipyard workers were anything but encouraging.

Losers included: U. S. Steel, Chrysler, General Motors, Willys-Overland, U. S. Rubber, Sears Roebuck, American Telephone, Anaconda, Air Reduction, Union Carbide, Allied Chemical, Southern Pacific, Standard Oil (N. J.) and Northern Pacific. Gainers included Youngstown Sheet, J. I. Case, U. S. Gypsum, American Can, New York Central, Texas Co., Loew's, Burroughs Adding Machine, Sun Chemical, Dow Chemical, United Cigar-Shelan Stores and International Telephone.

PRICES KEEP BALANCE

New York, April 10 (AP)—Renewed demand propped long-term federal issues while domestic corporate loans wavered after a try at higher levels in bond trading today.

Gains and losses among corporate issues were evenly matched. Few changes exceeded a point even among some of the volatile rails.

Distant maturity governments in the over-the-counter market advanced a fed 32ds of a point with the Victory Loan 2½s of December '67-'72 at 106 7-32 bid. Quotations in the stock market rose 2-32 to 4-32.

In the corporate section many reorganization carriers reached top prices for the day before noon. Demand ebbed and as a result most of the list settled near the previous close.

Higher were Central of Georgia 5s of '59 "C" at 29 7-8, St. Paul convertible 4½s at 90, Rock Island convertible 4½s at 38¼, Wisconsin Central Superior & Duluth division 4s at 54 5-8, and Denver & Rio Grande Western assented 5s at 25.

On the losing side were American Telephone 3s at 151 1-8, Baltimore & Ohio stamped convertibles at 80¾, Chicago & Alton 3s at 61¾ and Lehigh Valley 4s stamped of 2003 at 56¼.

In the foreign dollar list inquiry for Latin American issues persisted but at a slower rate than recently. Bonds of Brazil, Buenos Aires, Colombia and Rio De Janeiro improved.

Volume of \$5,480,000 compared with \$5,400,000 Tuesday.

DELA WELFARE COST $47,161

Direct Relief And Old Age Assistance Are Up For February

The number of old age assistance and direct relief cases in Delta county increased last month, compared with February one year ago, and the cost of welfare assistance also increased correspondingly, according to figures supplied by A. M. Gilbert, director of the Delta County Social Welfare Board.

The total cost of the social welfare program in Delta county for February, 1946, was $47,151.07, compared with $40,878.34 for the corresponding month last year. A considerable portion of the total, or $36,297.20, is paid from state and federal funds.

The number of old age assistance cases increased from 810 to 821, aid to dependent children from 165 to 168, while aid to the blind remained at 11 cases.

The number of direct relief cases showed the sharpest upward trend, from 244 last year to 299 last month. County welfare and hospital costs showed a slight decline, and administrative costs also were reduced from a total of $1,304 for February, 1945, to $1,104 for February of this year.

Old age assistance, aid to the blind and aid to dependent children are financed equally by state and federal funds. Direct relief is financed by state and county funds. County infirmary, county welfare and administrative costs are financed wholly by county funds.

QUERIES FROM VETS

Information frequently sought by World War II veterans regarding their rights under the GI bill and in respect to pensions, claims and other pertinent matters will be found from time to time in this column. This service is made available through the Veterans Administration office, in the federal building here, and in all cases further details relative to veterans' problems may be had from Mr. William Butler, local office chief.

The first questions in the series, offered today, relate to compensation and pensions.

Q—What forms are used in filing claims for compensation or pension based upon military or naval service?

A—In filing claims for pension or compensation for disability incurred in or aggravated during service in the active military or naval forces, Form 526 is used. In applying for pension or disability not the result of service in the military or naval forces of the United States, Form 526b is used.

Q—Distinguish between a formal and an informal claim for monetary benefits:

An informal claim is any communication form or action by a claimant or his representative clearly indicating an intent to apply for the benefits sought. A formal claim is one made on the form prescribed by the Administrator.

A—What is meant by the date of claim?

The date of a claim for monetary benefits is the date on which the claim is received in the Veterans Administration. If the claim is informal, a formal application must be received within one year from the date it is transmitted to the claimant. Otherwise, no award can be made by virtue on the informal claim.

Q—What is the established method of securing an official report of a veteran's service?

A—In those cases wherein a veteran is discharged from the military service on a Certificate of Disability (or from the Navy, Marine Corps or Coast Guard under the same circumstances if he files a claim at that time) his records are forwarded by the officials of the service department, accompanied by his application for monetary benefits, if any, to the nearest Area office of the Veterans Administration. When the veteran is not discharged from service on a Certificate of Disability but files a claim subsequent to discharge, the official report of his service is secured by the execution of Form 3101, 3102, 3103, or 3104, depending upon whether his service was in the Army, Navy, Marine Corps, or Coast Guard. The procedure last named is followed in Navy, Marine Corps and Coast Guard cases irrespective of whether the discharge was for disability if the veteran did not file a claim at discharge. If the veteran is discharged in a Veterans Administration Hospital, the records which would ordinarily be sent to the Area office will be sent to the Regional office by the hospital.

City Nursery Is Taking Shape; Planting Begins

Escanaba's tree nursery is taking shape this week as city crews, under the direction of Robert Clayton, city forester, "heal in" some 1,075 of a variety of maple, oak and ash plants just purchased from an Ohio firm. The stock is the first the city has been able to get since the nursery grounds, located just west of the municipal sewage plant, were prepared for use. During the latter part of the war, the property was used for victory gardens and part of it will still be available again this summer for that purpose.

About 100 of the young trees—all Norway maples—are already large enough for planting throughout the city, Clayton said, but most of the stock will require from two to four years of growth in the nursery before it can be used in the city's planting program.

The municipal nursery will add new plants each year and once it is completely stocked, trees will be available for planting throughout the city every season.

Crews hustled the young trees—about six truckloads in all—from the railroad cars in which they were shipped, in record time and had them all at the nursery within nine hours after their arrival. The job of properly setting them in the ground will be completed in about a week, the forester said.

The shipment included 350 Norway maples; 100 Columnar Norways; 25 Schwedler Norway maples; 150 red maples; 150 sugar maples and 170 red oaks.

The city forester has about a dozen orders from Escanabans for trees, which will be planted on their property this season. This service is available at a price of $8 per tree—approximately half the actual cost to the city, including labor.

Nursery Needed

Residents must secure a permit to plant trees on curb strips or on city property and then must plant the kind of trees prescribed by the forester. It has been found that in the past, many home owners have planted trees that cannot properly grow and thrive in the soil and climate here. Others have planted trees whose size and shape, when full grown, are not in harmony with the trees of the neighborhood.

In order to have a really successful tree planting program, forester Clayton said, a city should have its own nursery, because only then can it buy the young trees at the right time and plan a definite planting program for the future, knowing the stock with which to carry out the plan will be available.

Deny Scab Band Used In Parade

Ishpeming—If Marquette union musicians who have a band think CIO faces are red they're mistaken.

The Marquette musicians, it was reported here protested that the United Steelworker-CIO used a non-union band in Saturday's parades, paying $75 for the privilege of marching back of an allegedly non-union group of tooters.

But Jack Powell, district CIO representative, said today:

"The band was composed of members of the Negaunee band who are either miners or municipal employes, and are members of a union, if not the Steelworkers.

"Furthermore, we had no knowledge of a union band in Marquette, nor any offer from them to provide music for us. Certainly, if they are as overflowing with the union spirit as they now claim to be such an offer would have been forthcoming.

"It is probable the protest was made because the musicians are A. F. L. — affiliated. The protest provides more embarrassment to them than to any Steelworkers resident of the Marquette range."

John P. Daigneault Arrives In Naples

Leghorn, Italy — Pvt. John P. Daigneault, son of Mrs. Leola Daigneault, 721 South 13th street, Escanaba, arrived safely in Naples and has been assigned to the 1086th Engineer Depot Co., a unit of Peninsular Base Section, Army Service Force in Italy.

PES served and supplied the Fifth Army and the ground crews of the U. S. Air Force and Navy during the entire Italian campaign. The base is commanded by Brig. Gen. Francis H. Oxx.

Pvt. Daigneault attended the Escanaba high school and entered the Army in June. He took basic training at Camp Robinson, Ark.

James H. Bennett Dies In Marquette

Marquette—James Henry Bennett, 67, a resident of Marquette 57 years, died at 7 Tuesday evening in his home, 115 East College avenue, after a long illness.

Born in Negaunee, May 19, 1879, Bennett came to Marquette with his parents, the late Mr. and Mrs. Sam Bennett, in 1869. After being employed as a clerk in the Marquette Hardware store, operated by the late John Lindstrom, Mr. Bennett in 1916 became representative of the wholesale hardware firm of Kelly-How-Thomson company, Duluth, Minn.
